## JULY 4 CELEBRATION TO BE TOPS

### Lions Swimming Pool To Be Open To Public Sunday, July First

#### New Aqua Center at Williams Park Nearly Ready For Swimmers

#### Lions Club Plans Dedication, Grand Opening at A Later Date

Antioch's new Aqua Center—the Lions Swimming pool will be opened Sunday, July 1.

From noon until 2 p.m. on that day the public will be privileged to inspect the new, public pool, its bathhouse and equipment.

Then the gates will swing shut and admission will be charged.

The new filter, last of the equipment to be received, will be attached tomorrow and the two-day task of filling the pool will be started.

Water will be supplied from the village's newest well, the purest of waters, and because of its spring-like coldness it will be necessary to allow it to stand a day to warm to body temperature.

Warren Polley, manager has arranged to hold instructional sessions with life guards from 10 a.m. until noon during the mornings of the first week. Registration of youngsters and tryouts for class placement will take place the week beginning July 23 during morning hours. Actual instruction for young and old will begin July 30, with hours for various classes to be announced.

During the week of July 16, however, the American Red Cross (continued on page 5)

#### Yankees Undeclared In Little League Play; Win Over Giants 5-3

The Yankees continued to blaze the trail under the Little League Sunday when they won their fifth victory—this time over the Giants 5 to 3.

The Yankees used Brown and Good on the mound with Enis behind the plate. The Giants used Heigle, Behrend, and Osgood as their pitchers and Hedberg as catcher.

The present standing of the league follows:

Team (sponsor)	Won	Lost
Yankees (National Bank)	5	0
Giants (Antioch Lumber)	2	1
Dodgers (Lake Villa Drugs)	1	1
Cubs (Antioch Servicenter)	1	2
Tigers (State Bank)	1	3
White Sox (Dupre Heating)	0	3

Future games are as follows:  
Thursday, June 28—Dodgers vs. Yanks

Friday, June 29—Tigers vs. Cubs  
Sunday, July 1—Giants vs. White Sox, 1 p.m.; Yanks vs. Tigers 3 p.m.

Thursday, July 5—Sox vs. Dodgers  
Friday, July 6—Cubs vs. Giants.

#### Antioch Firemen Help Elect County Officers

Delegates of the Antioch Fire department attended the annual election of the Lake County Firemen's assn. Monday night at Lake Bluff.

Elected president was Chief Delmar C. Newton, Winthrop Harbor. Newton, who succeeds Rodney Rockenbach of Grayslake as head of the organization, has been active in the operation of fire schools within the county.

Other officers are Sam Dada, Gurnee, vice president; Gene Brewer, Mundelein, treasurer; Bruno Pagliar, Highland, sergeant-at-arms; and Louis Nadozly, Fox Lake, secretary-treasurer of the death benefit fund.

A. H. Edgren, Lake Bluff, was re-appointed secretary.

The 150 delegates from the 25 departments in Lake County heard a talk by Jerry Magtman, representative of the Illinois Inspection Bureau.

Meetings of the association will be discontinued this summer, but will be renewed Sept. 24.

**Grass Lake Barbecue**  
The second annual chicken barbecue of the Grass Lake Scout Home group will be held at the school July 15 with Robert Hart in charge.

#### One Person Drowns, Another Killed in Car Accident Near Antioch

One person was killed in a traffic accident and another person drowned in the Antioch region over the weekend.

Miss Eileen Kurland, 19, of 6546 W. Archer ave., Chicago, was killed at 10:30 a. m. Sunday when her westbound car went off Loon Lake rd., knocked down several guide posts, rolled over several times, and somersaulted into 10 feet of water in a slough along side the highway.

Miss Kurland was thrown out of the car, and an unidentified motorist pulled her to shore, but she was reported dead when the Antioch Rescue squad arrived.

A passenger, Joan Matlin, 21, Chicago, crawled from the car and made her way to safety. She suffered face bruises, right shoulder, neck, arm, and stomach injuries.

The body of Miss Kurland was taken to the Strang Funeral home in Antioch and later taken to Chicago.

William Slingo, 19, of 5310 Congress st., Chicago, drowned in Cedar Lake, Lake Villa Sunday evening. He was swimming with Howard Jacobsen, a Chicago friend, at a Lake Villa resort when he sank from sight. Jacobsen said that he and Slingo were swimming to a raft and when he reached the raft he looked back and did not see his companion.

Life guards finding Slingo's clothing on the shore, began diving for the body, but failed to find it, and the Lake Villa Rescue squad began dragging operation which was successful after an hour. The body was 20 feet from shore on a line with the raft. It was taken to the Strang Funeral home at Antioch where Coroner Robert H. Babcock swore in an inquest jury Monday.

Then the body was taken to Chicago for burial.

In another part of Lake county William A. Compton, 5, of 2620 was drowned at Diamond Lake, and Hector Portillo, 23, of 1631 N. Spaulding ave., Chicago, was killed in a traffic accident at Round Lake.

#### Louis J. Lutz, 63, Of Cross Lake Dies Following Long Illness

Louis J. Lutz, 63, of Cross Lake, died at 6:45 a. m. Friday in the Kenosha, Wis., hospital after a long illness.

Mr. Lutz was born on November 28, 1892, in Chicago and moved to Cross Lake, Antioch, 30 years ago. He is survived by his wife, Clara; a daughter, Mrs. Irene Gordon; a son, Mike, a brother, Stanley; a sister, Mrs. Elizabeth Selusnik; and five grandchildren.

Funeral services were held at 3 p. m. (DST) Monday at the Strang Funeral home with the Rev. Edmond Hood of St. Ignatius Episcopal church in charge.

Burial took place at the Liberty cemetery.

#### Lake Villa Reservists Promoted at Waukegan

Charles L. Behrendt and Eugene E. Carlquist, both of R.R. 1, Lake Villa, were among the seven members of Waukegan's Naval Reserve Electronics Division 9-10 who were promoted at their regular weekly meeting last night.

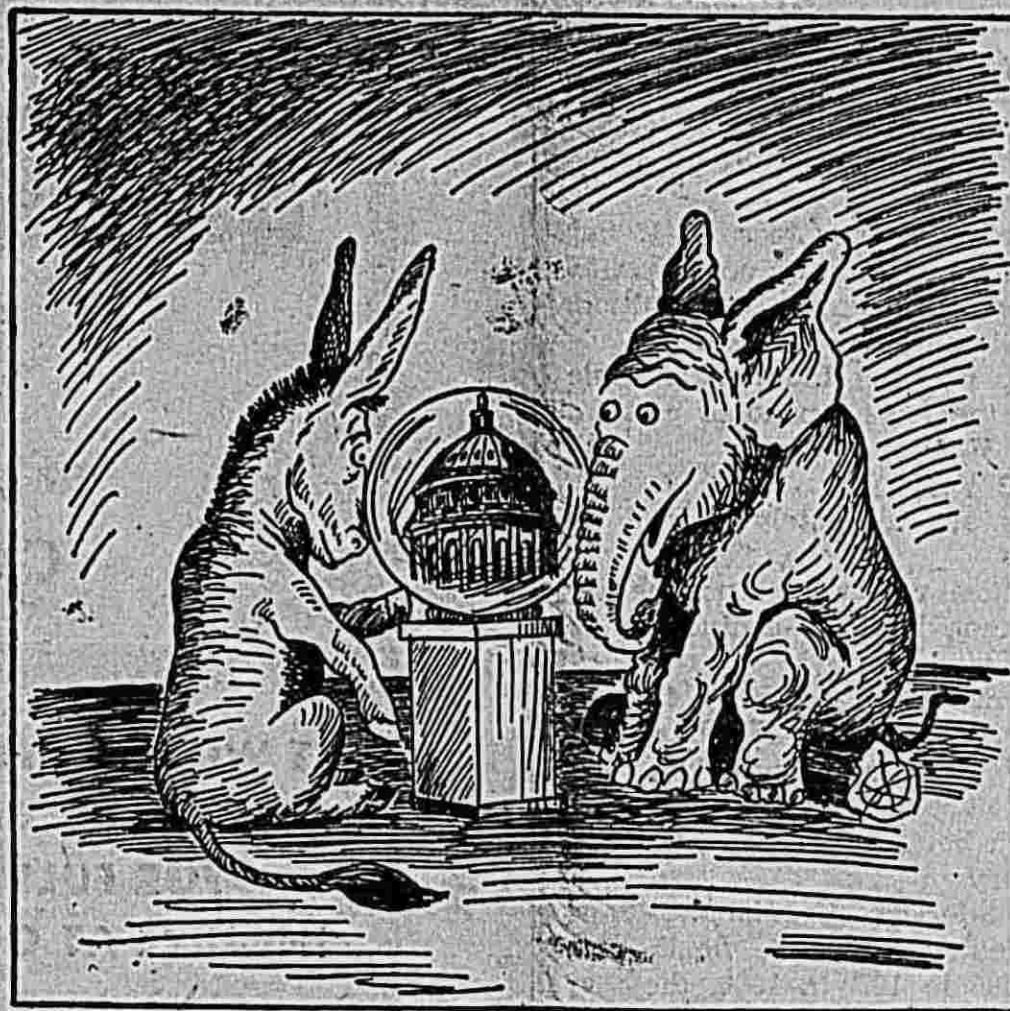

The promotion presentations were made by Naval Reserve Lt. E. S. Stoddard, Division Executive Officer, of Willwood, Gages Lake.

Behrendt and Carlquist joined the Naval Reserve together and received two promotions at the same time. They met four years ago when they enrolled at Antioch High School, graduating together this month.

#### CLOSE ON JULY 4TH

Because of the holiday, Wednesday, July 4, it will be necessary that all news and advertising be presented to the Antioch News a day earlier next week. This newspaper will be closed on Wednesday but will publish on Thursday as usual.

#### THE CRYSTAL BALL GAZERS

#### Antioch School Dist. 34 Had Lowest Tax Rate of 50 Districts Within Lake County

#### Neighbors Buy State Conservation Camp As Defensive Move

John B. Hall Heirs Buy Fox, Petite Lake Mansion for \$75,050

As a defensive move, neighbors purchased the State Conservation camp on Fox and Petite lakes Monday for \$75,050.

The bid offered by Howard Willett of Willett Transportation Inc., Chicago, was made for Mrs. Willett, her son, David W. Hall, and son-in-law, Robert E. Langford, heirs of John B. Hall, who own property on both sides of the state grounds.

Willett's was the only bid and was just \$50 in excess of the minimum price set by the state. Because zoning limits the use of the building and grounds to one family residence and prevents dormitory use, the appraisers reduced the minimum price from \$125,000 to \$75,000 as a more realistic figure.

Willett said the state will lose nothing on the transaction because it paid but \$55,000 for the property.

A representative of Fox Lake Bank officials was prepared to bid in their behalf as a group of business men, and not as the bank itself, to obtain the place as a hospital, but made no offer when he found that the neighbors were prepared to bid.

Mayor Albert Hoffmeyer, president of the bank, said the businessmen would consult with the Willetts to ascertain whether they would be satisfied with a rezoning so that the place might be used as a hospital or rest home.

The auction took place at 11:30 a. m. Monday and was conducted by Louis Martin, assistant director of the State Department of Conservation, in the presence of Glen Palmer, director, Palmer approved the sale.

Atty. James J. Cuzak, Chicago, represented the purchasers.

Willett said that the property directly to the west and east is owned by Langford, owner of the Langford Hotel at Winter Park, Fla., and the Del Prado hotel, Chicago. Farther to the east are the Hall and Willett properties.

The conservation camp is between Fox and Petite lake with shore lines on both lakes.

Willett said the Hall family (Mrs. Willett was formerly Mrs. Hall) had owned property there for 60 years, dating back to the day when the Stratton bus operated between Fox Lake and Lake Villa so passengers to and from Chicago could travel on the Soo line. He said the people in that area like peace and quietude and are opposed to any kind of business there.

Mr. and Mrs. L. H. Lampier and son of Akron, Ohio, were guests of Mrs. H. B. Gaston last week.

Antioch School District 34 had the lowest tax rate of the 50 districts in cities and villages in Lake County, Walter J. Smith, chief clerk in the County tax extension department.

The rate for 1955 was \$2.449 in contrast to Round Lake Park's rate of \$4.009 which was the highest.

The greatest rate increase listed is .189 cents at Round Lake Beach Dist. 43, and High School Dist. 116. Smith said the percentage increase in the 1955 tax bill over 1954 is 12.93 per cent. Total valuation for the county is \$722,707,232, broken down as follows:

Real estate — \$695,755,195; personal property — \$96,669,705; capital stock — \$5,490,300; and railroads — \$14,792,032.

Largest increase from 1954 to 1955 was in real estate, which increased in value by \$34,112,750.

There are 188,451 taxpayers, an increase of 7,142 over the year previous.

#### Radio-TV Shutdown Over Nation Ordered July 20 in CD Test

The Federal Communications Commission has directed shut-down of radio and television broadcasting for the entire United States, on Friday, July 20, 1956, from 2:10 P. M. to 2:25 P. M. (CST) during the CR Test Exercise "Operation Alert," according to a bulletin by General Robert M. Woodward, State Civil Defense Director, today.

"This is an unprecedented move by the authorities, giving further emphasis to the nation-wide recognition of the importance of the Civil Defense effort," General Woodward said.

During the radio-TV silence period, only CONELRAD stations will remain on the air on the established frequencies of 640 and 1240 kilocycles. CONELRAD stations are those who have been approved to participate in emergency broadcasting on an "on-off" basis to prevent (continued on page 5)

#### Contracts for Emmons School Will Be Let Friday Eve'g. July 29

Contracts for erection of an addition to Emmons school will be let Friday evening. The addition is scheduled to cost \$70,000, but bids total slightly more than this figure. An effort to shave the cost will be made.

Roy Nordstrom, Fox Lake, was low bidder, with a bid of \$50,000. He was lowest of the three general bids received. Carey Electric was low bidder on the plumbing, heating and electrical work with bids of \$4,100.00, \$3,450.00 and \$6,885 respectively.

Fourteen bids were received in all — three general, five plumbing, three heating, and three electrical.

#### 2,500 Tickets Sold For Fireman's Dance On Saturday Evening

#### King Jaros Orchestra Will Play for Annual Event At Fire Station

Nearly 2,500 tickets have been sold for the Antioch firemen's dance at the fire station Saturday evening.

Not that that many persons will be present, for a large portion of the tickets are sold to persons appreciative of the fire department's services but who cannot attend.

Nevertheless, there will be a large crowd there and to accommodate it the firemen will use in addition to their garage, the Rescue Squad headquarters adjoining for both dancing and as a place where refreshments will be served.

The trucks of the fire department and rescue squad will be moved to the Drije Chevrolet garage from which place runs will be made for the night.

Otto Hanke and his committee have engaged King Jaros' orchestra for the evening. Jaros plays regularly at the Moose Club in Chicago. Dancing will be from 9 p. m. until 2 a. m.

This will be the 44th dance for the firemen. Each year the event becomes bigger and bigger as word goes out of its success and as the community itself grows.

There is rumor that high dignitaries will make their appearance at the dance unannounced, but Fire Chief Edgar Simonsen would not say just who they would be.

#### Jewel Tea Company Grand Opening To-Day Attracts Many

Opening of the new Jewel Tea Company store, Lake street, today attracted a huge throng of shoppers. Police were on duty most of the day to handle the traffic problem, and the large Jewel free parking lot was well filled most of the day.

District Manager D. Fisher said that more than 800 persons were guests of the new store at an open house held on Wednesday evening, and that the store had been filled to capacity from the morning opening until noon-time, when the crowds lessened during the noon hour.

Helicopter rides were enjoyed by a number of local shoppers and gifts were distributed to all shoppers.

**Attend Co. Fire Meeting**  
Tod Mapleshorpe, Assistant Chief of the Antioch Department, Russell Stowe, and Harry Willett were delegates to the Lake County firemen's association held at Lake Bluff this week.

#### Water Patrol Told by Resort Owners to Use Police Power In Stopping Reckless Boat Driving

The Chain O' Lakes Water patrol was asked by the Resort Owners association at Fox Lake Monday evening to use its police authority in arresting reckless boat drivers on lakes in this region, or get off the lakes.

The demand was made as the result of three accidents in which persons were injured over the week end by boats pulling water skiers. A Chicago fisherman, John Kendzierski, 36, was seriously hurt Saturday afternoon when his rowboat was struck broadside by a speedboat on Lake Marie.

Coastguardsman Joseph J. Harrison and Kenneth M. Jauch arrested the motorboat driver, Eugene Boegen, 31, of Chicago for reckless operation of a motorboat. Boegen was towing his sister, Lois, 26, on water skis near the Haisman resort and did not see the fisherman. The crash cut the metal boat in two and Kendzierski was hurled into the water 100 feet from shore. He was rescued by other boatmen and taken to the Antioch clinic by the Antioch Rescue squad for treatment.

James Borgstrom, another Chi-

#### Fireworks Display and Band Concert at Village Land East of Railroad

Lakes, Park Will Attract Crowds During Day as Business Closes

Antioch has planned its biggest and best July 4th celebration in more than a decade.

After years of quiet observance of Independence Day with only the entertainment that the lakes afford, business men and the Antioch Fire department have combined efforts to stage a fireworks display and band concert.

"When we took fireworks away from the youngsters we failed to put anything in its place. This we are now doing," said Edgar Simonsen, chief of the fire department.

The celebration will take place at Sequoit Acres, the village property east of the Soo Line tracks. Signs will mark the way over Ida street, and a parking grounds will be marked off and arranged for orderly parking which will be supervised by the firemen.

Police Chief Walter I. Scott and his corps of auxiliary patrolmen will direct traffic.

The Antioch Community band will play an hour concert starting at 8 p.m. The program will consist of popular music.

The fireworks display will be started at 9 p.m. Professional firers sent out from the company that provides the fireworks, will be in charge of the firing, which will be on the high school ball grounds 200 feet to the south of parking place.

Village workmen have mowed the grass where the spectators will be placed and firemen will spray the area to get rid of mosquitoes.

Boy Scouts will have charge of the refreshment stands from which pop and candy will be sold.

It is expected that the fireworks display will last an hour.

During the day the people will find entertainment at the lake resorts and at Williams Park. The Aqua Center will be open on that day and the Little League has scheduled a game.

Business in Antioch will be suspended by most business places. Only those handling foods and drinks, and medicines will be open. The Antioch News will be closed Wednesday but will publish on Thursday as usual.

Police are prepared to handle heavy traffic and the Antioch Rescue squad will have its first aid crew on hand for 24 hours service.

#### Ingeside Woman Hurt In Traffic Accident

An Ingeside woman, Betty Hennessy, 131 Jefferson St., was injured last Sunday morning in a traffic mishap on Rte. 12, a mile north of Grass Lake rd. in McHenry county.

Miss Hennessy's car was being pushed by another car when it plunged down an embankment, rolling over twice.

Miss Hennessy was taken to St. Therese hospital in Waukegan, where she was treated for rib injuries.

THURSDAY, JULY 28, 1956

### Grassroots Opinion

HURLOCK, MD., NEWS: "Keep America Beautiful, Inc., has been laboring mightily for more than two years now to make the riders and drivers of our more than 60 million motor vehicles more thoughtful. . . . Unless we can curb our bad habits and substitute the good habit of thinking of the other fellow, we are in grave danger of transforming the convenience of sanitation of modern packaging into a Frankenstein that can suffocate us in a blizzard of trash. . . . In the simplest terms, we've got to stop being litterbugs."

- CHETOPIA, KAN., ADVANCE: "Speaking of living within our means, it would seem that the Labette County Commissioners are entitled to a pat on the back. They have kept the County's expenses well within the income rather than trying to hike income at the expense of the already burdened taxpayers. This cannot honestly be said of a lot of Boards of County Commissioners."

INTERNATIONAL FALLS, MINN., DAILY JOURNAL: "Other producer groups, especially those with surplus problems, can take a lesson from what the dairymen are doing. Their determination to help themselves is to be admired in an era when most people automatically turn to Washington for relief from every imaginable kind of distress."

DILLON, S. C., HERALD: "The Daily Worker maintains that it has operated for years without making money. It seems appropriate that a Communist publication should operate in the red."

\* \* \*

### God-Given Rights

Certain rights, such as the right of trial by jury, are spelled out specifically in the Constitution of the United States.

But, as a DeMille Foundation Bulletin observes, there are vital rights which are not so specified. The Bulletin says: "The Constitution does not set forth the right of a man to eat . . . nor to sleep . . . nor to stand up nor lie down. These actions are part of daily living—of life itself, and therefore need no defining."

Then the Bulletin adds: "Our founding fathers took for granted certain human rights and therefore saw no need to write them into the Constitution."

"These are God-given rights and the right to life is one of them!"

"The right to life means the right to work—for like eating and sleeping and breathing, working is an indispensable part of living."

That right to work involves exactly what the term implies—the right to join a union or not join a union as each individual sees fit; the right to be free of coercion by either the union or the employer. This is the all-important right that the closed shop

and the union shop deny to millions of supposedly free people.

\* \* \*

### Without Rhyme or Reason

The essence of the principal recommendation made by the Presidential Advisory Committee on Transport Policy and Organization is simple. It is that the various common carriers should have greater freedom in pricing the transportation services they offer. Each carrier would be permitted to charge a rate without there being taken into consideration the effect it would have on other forms of transportation—provided the rate in question was compensatory, not unreasonably high, and not discriminatory or preferential.

That proposal has been endorsed by newspapers throughout the country, by many legislators and other high government officials, by the purchasing agents and traffic managers of many leading companies, by civic and business organizations, by the railroads, and by others. It has been opposed, on the other hand, by some of the railroads' competitors.

The opposition, it would seem, can stem from only one idea—the idea that these competitors are for some reason entitled to special protection even though it means higher transportation costs and artificial and arbitrary allocation of the available traffic. And the users of transportation—which includes everyone, directly or indirectly—would pay the higher costs.

This idea has neither rhyme nor reason. If fair competition is good in other fields of endeavor, it is good in transportation. Under fair competition, each carrier can make the most of its inherent advantages—and the public will get the best possible transportation service at the lowest possible cost.

\* \* \*

### IN 50 YEARS

Men and institutions are ultimately judged by results.

That is true of medical research. And the results it has produced in the last half-century or so are superlative by any standard.

The head of a pharmaceutical company tells of some of them in the current issue of The Exchange Magazine. In 1900, life expectancy at birth was about 49 years. Now it is around 71 years, and some experts expect it to reach between 90 and 100 years by the end of this century.

In 1900 the greatest killer was pneumonia. Now it has been all but defeated, with the death rate down from 152 per 100,000 to 12. In 1900, the survivors of pneumonia could count on paying three months' wages for hospital bills. Today the disease is often cured at home with antibiotics, at a comparatively small cost.

Particularly noteworthy progress has been made in saving children. Of every 1,000 babies surviving birth in 1900, 162 died within the first year; today the figure is less than 30. At the beginning of the century, 7,000 children died annually of whooping cough; last year the mortality was 810.

These are but a few of the many facts that could be cited as to what medicine has accomplished on behalf of us all. In the last 50 years more progress has been made in conquering disease and in prolonging life than in the entire previous history of man's existence. It was done by free men in a free system.

## Hickory Corners

Mrs. Wm. Thompson, Correspondent  
Tel. 583W2

Mrs. Curtis Wells, Mrs. Richard Wells and two daughters, Mrs. Emil Hallwas and four sons, of Antioch, and Mrs. Harold Butler and three daughters, of Waukegan, drove to Melrose Park on Wednesday morning, June 20, and surprised their aunt, Mrs. Mollie Robertshaw, on her 80th birthday, and enjoyed a picnic together.

Mr. and Mrs. Will Thompson and daughter, Helen, spent Tuesday, June 19, in Chicago. They visited the Observation Deck on the 41st floor of the Prudential building on Randolph street.

Mrs. Sam Hernquist returned home Saturday from a three weeks visit with relatives in Missouri. Her mother, Mrs. Martha Sanders, of Salem, Mo., came home with her for a visit.

Mr. and Mrs. Emmet King attended the funeral of Mrs. Viola Griswold Gillespie in Waukegan Tuesday afternoon, June 19. Burial was in the family lot in Hickory Union cemetery.

Mr. and Mrs. Howard Wells and children from Hammond, Ind., were

Saturday dinner guests at the Curtis Wells home. Raymond Wells and three sons of Waukegan were also Saturday visitors.

Wayne Finkel left on Sunday for Indianapolis, Ind., where, on Monday, he began his new job at the Burroughs Office Machine plant.

Miss Sylvia King is spending this week at Whitewater, Wis., at the home of her grandparents, Mr. and Mrs. Chris Paulsen.

Mr. and Mrs. Richard Sleyster of Largo, Florida, were recent visitors at the Wm. Strahan home on Rte. 173.

Mr. and Mrs. William Hallada and two children, Vaughn and Harriet, from Port Washington, Wis., spent the week end at the Harrie Tillotson home. Other Sunday dinner guests were Mr. and Mrs. Omar Schmidt and children, June and David, from

Waukegan, Wis. They celebrated the 45th wedding anniversary of the Tillotsons on June 24th. It also was Vaughn's seventh birthday.

Mr. and Mrs. Curtis Wells, also Mr. and Mrs. George Butler of Waukegan were Sunday dinner guests at the home of Mr. and Mrs. Harold Butler in Waukegan. It was Mrs. H. Butler's birthday.

Mr. and Mrs. Roy Kelso and children from Calumet City, Ill., spent Saturday with the M. E. Van Patten family.

Mr. and Mrs. Ray Bishop and Mrs. Grace, Turnock of Kenosha were Sunday evening visitors at the Emmet King home.

Sunday evening callers at the Curtis Wells home were Mr. and Mrs. Warren Wells and son of Gurnee and Mr. and Mrs. Donald Anderson and Fred Pullen of Antioch.

## Salem

Mrs. Byron Patrick, Correspondent  
Tel. Bristol 110-F22

Little Tracey Wheeler has re-  
turned to her home at Silver Lake  
after spending three weeks with her  
grandparents, Mr. and Mrs. E. H.  
Hartnell while her parents, Mr. and  
Mrs. F. H. Wheeler were on a vaca-  
tion.

Mrs. Harriet Krautkramer has re-  
turned to the home of her sister,  
Mrs. Charlotte Bloss after spending  
some time in Chicago.

Mr. and Mrs. Thomas Presco of  
Chicago spent Sunday with Mr. and  
Mrs. Robert Patrick and family.

Mr. and Mrs. Byron Patrick ac-  
companied by Mr. and Mrs. Wm.  
Kruckman of Burlington drove to  
Oregon, Wis., Saturday and spent  
the week end with Mr. and Mrs. Ed.  
Eisenbart. They also called on Mr.  
and Mrs. Robert Kruckman at Mad-  
ison and Mr. and Mrs. James Kruck-  
man at Mt. Horeb.

Mr. and Mrs. Arthur Cook and  
family left Monday for a two

weeks camping trip in northern  
Wisconsin.

Mr. and Mrs. Furier spent the  
week end in Chicago visiting their  
daughter.

Mr. and Mrs. Lee DeBell enter-  
tained at cards Saturday night for  
Mr. and Mrs. George Biemer, Mr.  
and Mrs. Harry Olson, Mr. and Mrs.  
Arthur Feldkamp, Mr. and Mrs. E.  
T. Manning, Mrs. Ida Schultz, Mrs.  
Florence Gallart, and Mrs. Bertha  
Mooney.

## They Primped 2,000 Years Ago

FERRARA, Italy—Women have  
not changed so far as personal van-  
ity is concerned in more than 2,000  
years, archeologists digging in the  
ruins of the ancient city of Spina re-  
port.

A pair of solid gold earrings and  
a perfume container, presumably  
dating long before the time of  
Christ, have been found in the de-  
bris of the Greek-Etruscan city.

## Well, He's Trying

KNOXVILLE, Tenn.—Asked by  
the sessions judge why he had been  
driving for 17 years without a li-  
cense, the defendant replied:

"Well, when I go to take the test  
I always mess up on the signs they  
ask me about. I went about a month  
ago and failed; but I am going to  
get a license as soon as they will  
give me one."

# \$64 Question

WHAT'S YOUR insurance question? We want  
to know it—even the \$64 one. This Hartford  
agency wants every customer to fully understand  
the protection furnished by each policy he buys—  
what it does and what it does not cover.

# What's New in Getaway?

## Try a '56 Buick and See!

Buick Super 4-Door Riviera

You've probably heard us say a lot,  
recently, about the 1956 Buick's new  
Variable Pitch Dynaflo.\*

And maybe you've wondered just what  
that "new" means.

Well, it means a brand-new principle in  
transmission design. A new way to make  
whirling oil add to its own velocity and  
produce fast torque build-up at only part  
throttle.

What does it do for you?

It gives you a quick new getaway  
response right in the first inch of pedal  
travel—right where you do most of your  
normal driving—and right where you get  
better gas mileage every inch of the way.

It gives you more safety-surge break-  
away when you floor the pedal and  
switch the pitch—more electrifying full-  
power acceleration to pull out of a tight  
spot.

And it gives you all this with absolute  
smoothness—because no gears ever shift  
in Dynaflo.

But if you think this great new getaway  
is the only reason for Buick's strong posi-  
tion in the Top 3 of America's best sellers  
—listen:

In every 1956 Buick there's newness from  
end to end.

New 322-cubic-inch V8 engines. New  
brakes, new frame, new rear end. A new  
deep-oil cushioned ride. New handling

ease, new quiet, new comfort. New car-  
buretor "deicing." New exhaust mani-  
folding. New interlocking safety door  
latches. New Safety-Aim headlamps.  
New features everywhere you look—  
including new styling and beauty inside  
and out.

What it all adds up to is the Best Buick  
Yet, by far. And we cordially invite you  
to come see and sample all the new thrills  
a '56 Buick has in store for you.

You'll find them packaged in a price that  
makes any model you choose your smart-  
est buy yet. Can you make it this week?

\*New Advanced Variable Pitch Dynaflo is the only  
Dynaflo Buick builds today. It is standard on  
Roadmaster, Super and Century—optional at modest  
extra cost on the Special.

AIRCONDITIONING  
at a COOL NEW LOW PRICE  
It cools, filters, dehumidifies.  
Get 4-Season Comfort in your new Buick with genuine  
FRIGIDAIRE CONDITIONING

## Antioch Girls Attend Grand Assembly of Order of the Rainbow

Three Antioch girls — Marilu Bushing, Eleanor Storch and Marion Stowe—left yesterday for the Grand Assembly of the Order of Rainbow for Girls in Illinois at the Conrad Hilton Hotel in Chicago. There they will receive the Grand Cross of Colors and attend the banquet in connection.

The Antioch delegation is expected to swell to 25, its largest number on record, today as the rest of the group arrives and will remain until Sunday morning. The advisory board will also be represented at the assembly.

Marilyn will serve as the grand page to Mrs. Mary S. Abt, supreme inspector for Illinois. Mrs. Martha Hunter will be present to serve as supreme deputy.

## Miss Shutter Wed in Spring Grove to Fred Nielsen

Miss Patricia Louise Shutter, daughter of Mr. and Mrs. Dan Shutter, 2733 North 16th street, Milwaukee, Wisconsin, became the bride of Fred Nielsen, son of Mr. and Mrs. Fred Nielsen of Lake Villa, recently in St. Peter's church, Spring Grove. The Rev. Fr. Dalaiden officiated at the double ring ceremony.

The bride was given in marriage by her father and wore a traditional gown of lace and nylon net over satin, and she wore a fingertip veil falling from a tiara of iridescent sequins and seed pearls. She carried a prayer book and white orchids.

Attendants of the bride were Miss Donna Owens as maid of honor and Miss Charlotte Martens as bridesmaid. They were gown in blue chiffon ballerina length, and their flowers were white mums and yellow roses. Debby and Cheryl Shutter were flower girls and Danny Shutter served as ring bearer.

Ted Nielsen, brother of the bridegroom was best-man and Jim Scully and Dick Fredericks were ushers. Following the ceremony a wedding breakfast for the bridal party was held at the home of the groom's parents.

A reception was held in the afternoon at St. Peter's at Spring Grove.

The bride is a graduate of Grant Community High school and the groom is a graduate at Antioch. Following a wedding trip to Niagara Falls the young couple are making their home at Lake Villa.

## Rebekahs Entertain Five District Officers

Lakeside Rebekah lodge entertained officers of District 3 at the regular meeting June 20. The guests honored were Marie Backelman, Palatine, president; Kay Cameron, Waukegan, vice president; Florence Langhoff, Palatine, secretary; Edna Watkins, Highland Park, treasurer; and Grand Past President Genevieve Wood of Evanston.

Gifts were presented to the guests. In charge of the meeting were Velma Jackson, Undine Perkins, and Catherine Dibble.

## Ens. David S. Deering To Receive Advanced Training With U.S.N.

Navy Ens. David S. Deering, son of Dr. and Mrs. D. N. Deering, 1055 Victoria st., made his first solo flight, before leaving the Whitney Field Naval Auxiliary Air Station, Milton, Fla., for more advanced training. He will receive instruction in precision air work along with his regular solo work. Deering attended Wabash college before entering the service.

## MYRUS NELSONS PLAN OPEN HOUSE IN OBSERVANCE OF 25TH ANNIVERSARY

Mr. and Mrs. Myrus Nelson, 1054 Victoria St., will hold an open house Sunday beginning at 7 p. m. in the American Legion Home in Antioch to mark their 25th wedding anniversary.

The Nelsons were married in Antioch July 1, 1931, and have lived here since that time. They are the parents of Shirley, Alvin and Leone, all at home.

Mrs. Nelson is the former Helen Pedersen, daughter of the late Alfred J. Pedersen and Mrs. Pedersen of Antioch. Nelson is the son of Mr. and Mrs. Nels Nelson of Bristol, Wis.

## BRIDGE-LUNCHEON AT HAND HOME TUESDAY

Mrs. Lillian Hand and Mrs. Roger Williams were hostesses to a number of friends at a twelve-thirty luncheon and party at the home of Mrs. Hand, Tuesday. Following the luncheon games of contract bridge and samba were played. Prizes were awarded the winners of highest scores.

Mrs. Nielsen

Mrs. Fred Nielsen is the former Patricia Louise Shutter, daughter of Mr. and Mrs. Dan Shutter of Milwaukee, Wis. She was married June 9 to the son of Mr. and Mrs. Fred Nielsen, Sr., of Lake Villa.

## Gets U. of C. Scholarship

Eric Hohnwald

Eric Hohnwald, son of Mr. and Mrs. Eric Hohnwald, Sr., Chicago, a former student of Antioch Township High School, has received a scholarship to the University of Chicago and will enroll there in September. Hohnwald attended A.T.H.S. three years but was graduated June 18 from Kelly High School, Chicago. He is spending the summer with his parents at Channel Lake.

## WOMEN OF THE MOOSE TO INSTALL TONIGHT

Installation of new officers for the Women of the Moose will take place at 8:30 o'clock tonight at the Antioch Grade School with Mrs. Harriet Grewe, senior regent, and her staff assuming their offices. Mrs. Grewe will preside at her first meeting July 5.

Mrs. Jane Meyer presided at her last meeting as senior regent Thursday, June 21. Final reports of committees were approved and balloting on two candidates was favorable. Initiation will take place at a later date.

## Table Decorations Lesson Of Antioch Home Bureau

The Lake Region Home Bureau met last Thursday evening, June 21, at the home of Mrs. Anthony Scully, with Mrs. Richard Wells and Mrs. Joseph Nemec assisting her.

Mrs. Nemec and Mrs. Scully presented the lesson on "Table Decoration and Settings." Mrs. Lawrence Thayer reported on a recent county meeting which she had attended.

There will be no further meetings of the bureau this summer.

## M. Y. F. PLANS OUTING FOR JULY 3

The High School Methodist Youth Fellowship is planning an outing to the Illinois State Park beach near Zion, on Tuesday, July 3. Youth should meet at the church at 5:30 p. m. Beach games, a marshmallow roast, and singing around the fire are planned. It was decided to eat the supper meal at home before meeting at the church.

## Attend Music Camp

David Moorman, son of Mr. and Mrs. Thomas Moorman will return Saturday from Urbana after attending a two week session of the Illinois Summer Youth Music Camp.

## LAKE VILLA TOWNSHIP LIBRARY NEWS

The summer reading program at the Lake Villa Township Library has been accepted with enthusiasm by young readers.

The Library Indians, a story group of kindergartners to fourth graders, meets in the library each Saturday morning 10:30 to 11:30. They wear felt Indian headdresses and receive a brilliant feather for each attendance. Adult readers for the past two Saturdays were Mrs. Joe Nader, Jr. and Mrs. Warren Sheehan.

Attendance June 16 and June 23 was 18 and 28 Indians.

Children who are able to read for themselves are reporting on their summer reading to win membership in the Library Hounds Club and the right to wear the Library Hounds lapel dog pin.

## P. T. A. Will Sponsor Professional Dance Comedy

Plans to present a musical comedy at Antioch Township High school on Saturday, Oct. 20, were discussed last Friday afternoon when the Antioch Grade School PTA met with Jimmy Barnes of the Barnes-Roberts Premiere Ballet Co. in Forest Park. He has recently opened a Lake Villa school of dance.

The PTA board has decided to sponsor his show which will feature a large company of professional dancers in varied program. It will meet again with him in July.

## RETURN FROM VACATION TRIP TO CALIFORNIA

Mr. and Mrs. Oren Hostetter and daughter, Judy, returned home Tuesday after a two weeks vacation and visit with Oren's parents, Mr. and Mrs. Charley Hostetter and Mr. and Mrs. Charles Doerr and family at Azusa, Calif., and Mr. and Mrs. Charles Hostetter and family at Arcadia, Mr. and Mrs. Victor Kroil and daughters at Altadena and Lt. and Mrs. Daniel Chandler and family at Chula Vista, Calif. On their return trip they visited with Mr. and Mrs. Dominic Diorio and daughter at Phoenix, Arizona.

## JEWISH STUDY GROUP PLANS BAKE SALE

The Jewish Study group of McHenry county will hold a bake sale on Saturday at 10 a. m. in Gladstone's Dept. store in McHenry. The group is sponsor of the Sabbath School which meets at the McHenry Methodist church.

Plans are also under way for the first annual "Old Barn" Rummage sale to be held on July 20-21.

## V. F. W. AUXILIARY TO ENTERTAIN AT DOWNEY

Members of Veterans of Foreign Wars Auxiliary plan to go to Downey hospital July 1st to entertain veterans from 2 to 4 p. m. VFW Post members plan to accompany the ladies. Mrs. Arthur Fortman, hospital chairman may be contacted by those wishing to help.

Miss Cornelia Roberts of Grayslake and Miss Alice Smith of Antioch, returned home recently after a visit with the L. O. Bright family at Lakeland Florida.

Mr. and Mrs. Chuck Phalen and children of Mt. Prospect, were guests of Mr. and Mrs. H. E. Shepard, Tuesday evening.

## ALTAR AND ROSARY SOC. TO HOLD MEETING MON.

The Altar and Rosary Society of St. Peter's church will hold a meeting on Monday, July 2 at 8 p. m. in the church hall. Final preparations for the July festival to be held at Sherwood Park on July 29th will be discussed. Hostess for the evening will be Mrs. E. B. LaPlante. Assisting her will be Mesdames Richard Huml, Thomas Runyard and Peter Freund.

## ANTIOCH WOMEN ATTEND REPUBLICAN DINNER

Antioch women who attended the GOP pre-convention dinner at the Evanston home of Mrs. Vera Megogen last Thursday evening were Mrs. Francis Burke, Mrs. Einar Peterson, and Mrs. Dan Lightsey, and Mr. Lightsey.

Mrs. Burke and Mrs. Lightsey are committeemen for precincts 4 and 1, respectively. State Rep. W. J. Murphy was one of the speakers at the dinner.

## BRIDGE-LUNCHEON AT COLONY HOUSE

Mesdames Morris Radke, Loren Sexauer and Dorothy Tague entertained a number of friends at a 12:30 bridge-luncheon at the Colony House Thursday afternoon. Bridge and canasta were played, prizes going to highest scorers.

**Birhs**  
Mr. and Mrs. Joseph Cosgrove, Jr., are the parents of a daughter, "Mary Jo" born June 21 at Victory Memorial hospital, Waukegan. The Cosgroves have another daughter, "Martha," twenty months old.  
Mr. and Mrs. Joseph Pachey of Elmhurst are the parents of a son, "John Anthony," born June 15 at Elmhurst. Mrs. Pachey before her marriage was Miss Mary Cosgrove, daughter of Mr. and Mrs. Joseph Cosgrove, Sr.

## Auxiliary News

### Delegates Elected

At a meeting of Antioch Unit, American Legion Auxiliary held Friday, June 22, delegates to the State Legion convention were elected. Pearl Anderson, Vera Horton and Lucy Himens were chosen as delegates with Ellen Swenson, Agnes Hills and Mary Ellis as alternates. The convention will be held in Chicago August 2-5.

**Plans for Carnival**  
Final plans for the Carnival to be held July 11-15 were discussed. Any and all Auxiliary members who will be able to work any time at the carnival may call Pearl Anderson or Vera Horton. Any help will be appreciated.

**District Meeting**  
Unit delegates to the Tenth District please note—the next district meeting will be held at Winthrop Harbor Friday, June 29 at 8 p. m. There will be election of officers as this will be the final meeting before the convention.

## W. J. Crowley Elected Head of Gas Company

Directors of Northern Illinois Gas Company recently elected William J. Crowley vice-president and comptroller.

Other gas company officers re-elected at the same meeting were: Marvin Chandler, president; Edgar E. Lundgren, executive vice-president; George W. Ryerson, secretary; Luster L. Starrett, treasurer; Stephen E. Taylor, assistant secretary; Charles W. Daniels, assistant treasurer; Thomas F. Brown and William F. Hayes, assistant comptrollers.

A 30-year utility veteran, Crowley has been comptroller for the gas company since February, 1934. He began his utility career with the Public Service Company where he held several executive positions, including chief statistician and manager of rates and economic research. Prior to his election as comptroller for Northern Illinois Gas, he was assistant to the executive vice-president of the Commonwealth Edison Company.

A graduate of Northwestern University, Crowley will continue to make his office at the gas company's corporate headquarters in Aurora.

## Lake Co. Fair Premium Books Now Available

Premium books of the 28th Annual Lake County Fair are now available from the fair association secretary, L. A. Nordhausen. Anyone desiring a copy may obtain one by writing the secretary at Box 27, Grayslake, according to an announcement by E. E. Elsbury, president of the Lake County Fair association.

The Lake County Fair and 4-H club show will be held July 26-27-28-29, at the new Fair grounds site at the junction of routes 45 and 120.

The catalogue lists 963 different classes in which exhibitors may make entries. Classifications include beef cattle, dairy cattle, sheep, swine, poultry, pigeons, rabbits, grains, seeds, and hay; fruit and vegetables; cut flowers and potted plants; fine arts, including oil and water color paintings, and black and white enlargements; domestic arts; dairy, apiary, and culinary products; pet exhibits; and a performance class light horse show.

The premium catalog also contains an entry blank on which to list entries to be made in the different classes, and states the final day on which entries must be in the hands of Secretary Nordhausen.

All prospective exhibitors are urged to secure premium catalogs at an early date so that all rules and regulations can be observed.

## Richmond Dairyman on Commodity Committee

Chicago—Walter E. Winn, Richmond, Ill., dairy farmer, has been invited to serve on the Dairy Commodity Study Committee appointed by the National Grange. Winn is president of Pure Milk Association, a marketing cooperative of 15,000 dairy farmers in the Chicago milkshed.

In announcing the formation of the new committee, the National Grange said the organization would assist "in perfecting commodity mechanisms designed to help solve the farm income problem."

As first vice-president of the National Milk Producers Federation, Winn has been active for the past several years in national legislative matters affecting dairy price policy. He also is chairman of the legislative committee of the Illinois Milk Producers.

Also included in the invited committee of eight is William Knox, editor of Hoard's Dairyman.

## 4-H Forestry Members To Get Special Help

Four-H Club members enrolled in the forestry project will get some special help on this project when they attend the forestry school at the home of 4-H Club Leader W. R. Laechelt, Thursday night, June 28. The meeting will start at 7 p. m. so that ample time will be available before dark to study the different trees and their characteristics, according to an announcement by Ray Laechelt will explain to the members the steps to follow in completing the project requirements. The Laechelt home is located on rte. 176 about three-quarters mile west of Ivanhoe. Other interested parties are invited to attend.

**Mrs. Jahneke Ill**  
Mrs. Edward Jahneke, who has been at Lake Forest hospital for the past week, was taken to Illinois Research hospital, Chicago, Tuesday morning for further treatment. Her condition is very serious due to pressure on the spine causing her to be paralyzed from the waist down.

**Annie Get Your Club**  
LUNDAZIN, Northern Rhodesia, A native woman, Annie Nyazgambo, heard the screams of a man who was attacked by a lion. She picked up a club, dashed into the undergrowth, and brought her club down on the lion's head several times. It loosened its grip on its victim and toppled.

## Teen-Agers League Monday, June 25

The Bombers took high team series with games of 575-535-433—total 1543.

Bill Carney was high individual scorer with games of 149-136-170—455 total.

Bombers won 2 from Wild Cats. Four Roses won two from 4 Buns.

Four Diamonds took all three games from the Four Aces.

The Alley Cats won two games from the Galloping Ghosts.

The Hot Shots took all three games from the Four Lovers.

## Lions Pool To Open....

(continued from page 1)  
will conduct a training aid program in which the guards and any other persons interested will be given instruction in first aid methods, swimming instruction, and pool supervision.

The pool will be open for swimming daily from 2 p. m. to 5:30 and 7:30 until 10 p. m.

All girls and all men with long hair must wear bathing caps. Inflated objects will be prohibited.

The new Aqua Center compares favorably with the best public pools in Northern Illinois. It will hold 147,000 gallons of water, is of regulation size for swimming competition, and has most modern equipment.

It is doubtful whether the wading pool will be ready for use at the time the big pool is, but every effort will be made to have it done.

Fencing will be completed tomorrow, and painting was completed today. Diving boards and ladders will be put up tomorrow.

Season tickets are selling rapidly. Applications will be taken at the pool and money, or checks received there, but no season tickets will be issued. Season tickets are available to all Antioch Township residents whether year round or summer time.

Grand opening and dedication of the pool will take place at a later date.

John Dupre was named chairman of the committee in charge of the dedication by President Louis A. Biel of the Lions Club. Dupre's committee comprises Harold Car diff, Edmund F. Vos, C. R. Keulman, Roman Vos, and Howard Gaston.

"We plan to make it a big event," said Dupre.

## Radio-TV Shutdown....

(continued from page 1)  
enemy aircraft from using radio frequencies as a guide.

General Woodward gave this explanation of the CONELRAD system.

—CONELRAD stands for "plan for control of electromagnetic radiation" and is a system devised by the broadcasting industry and the government to bring official information to the public in times of emergency.

**Emergency Defense Measure**  
—With normal broadcasting, enemy bombers could turn their direction finders to a station in a target city and "beam" right into their targets. However, without broadcast facilities there would be no quick way to get emergency news and instruction to the people.

—With CONELRAD, all stations first sign off the air with a standard Alert Announcement. The stations of the CONELRAD system then reduce power and change their broadcasting frequency to 640 or 1240 kilocycles; then they return to the air. TV and FM stations will remain off the air for the duration of the Alert.

—Civil Defense instructions on attack warnings, shelter, evacuation and radioactive fallout will be announced by CONELRAD stations during an emergency.

—CONELRAD broadcasting will either be the continuous method (by switching from one transmitter to another in a cluster of stations) or the "on-off" method (a single CONELRAD station broadcasts for a short period and goes off the air for a few minutes.) In Illinois, 31 radio stations are involved in the CONELRAD network.

## Joliet Field Day June 29

Lake County farmers are invited to attend the Joliet Experimental Field meeting Friday, June 29, at 1:30 p. m. says Ray T. Nicholas, Lake County Farm adviser. The purpose of this year's meeting is to see crop-response to fertilizers and to rotations and to give visitors an opportunity to discuss the efficient use of soil treatments on their own farms.

**Card of Thanks**  
We wish to thank our friends and neighbors for the many acts of kindness and sympathy shown during our recent bereavement in the loss of our husband and father, William C. Edwards.

The Edwards Family.

## Coast Guard Warns Waterborne Hotrods

Cleveland, O.—Reckless or negligent operation of a motorboat is punishable by fines as high as \$2,000 or by imprisonment for as long as one year, or by both fine and imprisonment, Rear Admiral F. A. Leamy, Commander of the Ninth Coast Guard District stressed today.

"Water borne hotrods" are fast becoming a major problem along with their landlubber colleague, the "crazy driver," emphasized Admiral Leamy.

Reckless or negligent operation of vessels is not limited to operation at excessive speeds, but may include overloading small boats, creating a wave capable of causing damage, operating in areas frequented by swimmers, pulling a water skier through an area in which other boats are operating, or where there are swimmers, or operating in such a manner as to cause a collision.

In addition to the U. S. Coast Guard citing offenders, any private citizen who witnesses a violation on the waters of the Great Lakes may report it also to the nearest United States Commissioner or United States Attorney. Information needed would be the name and (or) boat number of the vessel involved, the time and place, and most important, names and addresses of witnesses to the incident.

Most motorboat operators obey the rules of good seamanship and courtesy. This law is intended to apply to those who do not.

## Rabbit Association in Lake Co. Fair Exhibits

The Lake Shore Rabbit Association is sponsoring a large exhibit of rabbits at the 1956 Lake County Fair and 4-H Club Show, according to an announcement by E. E. Elsbury, president of the Lake County Fair Association. The Fair will be held July 26, 27, 28, and 29, at the new Fair Grounds located at the junction of routes 45 and 120. The rabbit show will be in charge of Sam Hubert of Waukegan and Lertin Jones of Zion.

The rules state that the show will be governed by the American Rabbit Breeders Association rules. All who wish to have rabbits registered are urged to contact Sam Hubert at Delta 6-3958 or Lertin Jones at Trinity 2-8708 respectively. In order that proper pen facilities can be provided, all exhibitors must have their entries in the office of Fair Association secretary not later than July 15.

Premium catalogs and entry blanks may be obtained from L. A. Nordhausen, Box 27, Grayslake, Ill. The catalog lists breed classes for American Chinchillas, Champagne D'Argent, Californians, New Zealand Whites, and New Zealand Reds. More than \$250 in prizes is being awarded by the Fair association for winners in the rabbit show.

## H. S. Band Parents Appoint Committees

The new Antioch high school band parents association met Friday, June 22, in an initial meeting. Two committees were appointed and other activity for the young musicians was planned.

Louis Chenette, director of the high school music department, Mrs. Morris Pickus, Mrs. Wm. Hanke, and Mrs. Chas. Smith were appointed to write a constitution and by-laws for the new group.

A nominating committee, headed by Mrs. Elmer Oelkers, Lake Villa, will include a member from each section of the high school district and will report at the next meeting.

Members of the summer music program at the school will be taken to Ravinia for a concert on July 3rd, and a free concert and ice cream social will be presented on the high school lawn on July 9th.

## Summer Musicians

Playing in the Illinois Summer Youth Junior Band, section 1, at the University of Illinois June 17 to 30 are: Lake Villa students, Barbara L. Black, Venetian Village, clarinet; Pennie A. Storch, flute; Susan M. Romer, clarinet; and Joanne M. Seekatz, alto saxophone; and David Moorman, 514 Lake St., Antioch, cornet.

The 150-piece band under Prof. Haskell Sexton of the University's School of Music and department of bands will present a free outdoor concert on the campus Friday, June 29, at 8 p. m., CDT.

## Antioch Boy Scouts Have Cook-out and Camping Experience

Boy Scouts in the Antioch area have been kept busy with outdoor activities in the past week.

Seven Boy Scouts of Antioch Troop 91 held a camp-out last week end at the Nauseda property on Depot street. These boys were Ken Anderson, Bill Slater, Jack Stieber, Dan Ludford, William Ludford, Jr., Frank Nauseda and Vince Nauseda, Jr.

Joining them was Stanley Golonka, Chicago Boy Scout and nephew of Scoutmaster Chester Golonka. Leaders Bill Ludford and Vincent Nauseda were on camp-out duty from Friday afternoon until Sunday morning while Scoutmaster Golonka joined the boys each night.

The Mothers Booster Club put on a wieners roast Saturday night for Scouts and parents, and the boys entertained.

Frank Powles provided milk to the camp, and George and Helen Borovicka sent ice cream.

Monday night's meeting of the troop concluded its activity until fall.

Boys in Scout Troop 92 held an outdoor cooking demonstration for parents at the Scout Home on Saturday evening. They also showed proper and improper foods for camping. Eugene Prange, assistant Scoutmaster, was in charge. Refreshments were served by the boys at the close of the program.

Plans for a seven-day camp-out, a booth at the Lions Club carnival, and a monthly newsletter to parents were discussed at the troop's council committee meeting on Sunday morning.

Boys from the troop who left Sunday for Camp Ma-Ka-Ja-Wan at Pickering, Wis., are Douglas Jacobs, Jerry Jacobs, Don Olson, Albert Dittmar, Jr., and Bruce Wollpert.

## Kenimer Starts Summer Naval Training Cruise

Participating in the first of three summer midshipmen training cruises is Walter G. Kenimer, personnel man third class, USN, son of Mr. and Mrs. H. H. Kenimer of Antioch. He is aboard the heavy cruiser USS Des Moines.

Kenimer left June 5 from Norfolk, Va., with more than 3,000 Naval Academy and college NROTC midshipmen aboard 23 warships of the Atlantic fleet.

The vessels will visit ports in Denmark, Sweden, Norway, West Germany, and England.

Under guidance of the ships' crews, the midshipmen receive practical experience in the duties performed by seagoing officers.

Gunnery exercises at Guantanamo Bay, Cuba, from July 25-28 will conclude the training. The ships are scheduled to return to Norfolk August 2.

## Nipped in the Tub

William F. Power, 19, of St. Louis had unusual experience recently, after taking a bath in his home. He pulled the plug from the drain and a snake popped out of the opening. It started swimming around in the water. The snake bit him on the big toe of his right foot when he moved to get out of the tub.

Power fished the snake out of the water and put it in a goldfish bowl. It was about 18 inches long, but Power said it "looked about 10 feet long when I first saw it."

**Lake Villa 4th Celebration**  
Lake Villa Firemen and businessmen have again combined to provide a 4th of July celebration for Lake Villa residents. The village park will be the scene and fireworks and other attractions will be featured.

Mrs. Herman Frank, Correspondent  
Tel. Trevor 2752

Mr. and Mrs. Carl Sattersten and family, Mr. and Mrs. Herbert Sattersten and son, Mr. and Mrs. Wallace Miller and family, Mr. and Mrs. Louis Gandt, Jr., and family, Mr. and Mrs. Clyde Cates and family, Irven and Edith Cates, Mr. Malcolm Dalton and family attended the Buck Club picnic at Silver Lake Sunday.

Jeffrey Zarnstorff spent the past week with Mr. and Mrs. Alfred Oetting while his parents, Mr. and Mrs. Floyd Zarnstorff, were up north fishing.

Mrs. Raymond Stokes, Sr., is a patient at Burlington Memorial hospital.

Mr. and Mrs. Harold Bjerning and family, Genoa City, spent Sunday evening with Mr. and Mrs. Elmer Rasch. Mrs. L. Sweet spent the week end with the Rasches.

The B. P. W. club June meeting was held at the home of Miss Anna Kronicke Monday evening. Social committee was Mrs. Otto Schenning, Mildred Rapp, Fay Sennichsen and Helen Wenske. Reports of the state convention were given by

the delegates, and committees for the year were appointed.

Mr. and Mrs. Stanley Brown, Patty and Danny, HeHenry were dinner guests Sunday of Mr. and Mrs. Harvey Brown. Patty remained for a week's visit with her grandparents.

Mr. and Mrs. Henry Skegstad and family, Mr. and Mrs. Floyd Gyger, Jr., and family spent Sunday afternoon with Mr. and Mrs. Harvey Brown.

Gary Kunz is spending a week with Mrs. Louis Gandt, Sr., and son, Harold at Little McKenzie.

Mr. and Mrs. Clifford Gleason and family, Bristol, called on Mr. and Mrs. Ben Kunz Friday evening. Carl Kunz, Chicago, called on Mr. and Mrs. Ben Kunz recently.

Mrs. Floyd Gyger, Sr., returned home Thursday from Burlington Memorial hospital.

Jackie Lois, Fox River, spent the past week with Mr. and Mrs. Ronald Shottliff.

Mr. and Mrs. Herman Frank spent a week with Mr. and Mrs. Thornton Snider, Batavia, Ohio, and called on Mr. and Mrs. Joe Noertker and family, also the Snider family. Mr. and Mrs. Thornton accompanied the Franks to Mammoth Cave, Ky., where they took a scenic boat trip on the Green River. They stopped at "My Old Kentucky Home," at Bardstown, Ky.

Richard Frank, Ralph and Eddie Sattersten, Ronald Cates and Robert Tilton are spending two weeks at the National Guard Camp at Camp McCoy, Wis.

Mrs. Donald Wienke and Lon, and Mrs. Herman Frank called on Mr. and Mrs. Orville Hawkins, Waukegan, Friday afternoon.

Donald Swartz left by train Sunday evening for Grand Island, Neb., where he plays ball in the Kansas City farm team.

Mr. and Mrs. John Hasselman and Arthur Hartman spent Sunday afternoon with Mr. and Mrs. Fred Albrecht and Mr. and Mrs. Alex Schubert.

Mr. and Mrs. Wayne Tilton accompanied Ray Kelly to Camp McCoy, Wis., Sunday to visit Robert Tilton, Stanley Schultz, Richard

Frank, Ronald Cates, Ralph and Eddie Sattersten.

Sonarman 1/c Frank Lux and wife and son, Dale, Norfolk, Va., are visiting Mrs. Lux' parents, Mr. and Mrs. Ben Kunz.

Mr. and Mrs. Ben Kunz and sons called on Mrs. Helen Vaia, Chicago, the past week.

Mrs. J. D. Ferris and son, Terry, Omaha, Neb., are spending a week with Mr. and Mrs. Dan McCallum.

Mr. and Mrs. Albert Elverman, Burlington, spent Sunday afternoon and evening with Mr. and Mrs. Gust Neuman.

Mr. and Mrs. George Ziebell and family, Mr. and Mrs. Paul Brown, Racine, called on Mr. and Mrs. Gust Neuman, Sunday.

Miss Mabel Johnson, Chicago, is

spending a few days with her mother, Mrs. Josie Johnson.

Mr. and Mrs. George Higgins were Thursday supper guests of Mrs. Mildred Curtis, Kenosha, Mr. and Mrs. Charles Gifford,

Genoa City called at the Higgins home Sunday.

Mr. and Mrs. George Higgins attended the 50th wedding anniversary of Mr. and Mrs. Bryant Benson at Central High School Sunday.

Young folks . . .  
with **OLDS** ideas !

... and more and more of them are  
discovering that the big Rocket-powered 88 is  
well within their reach—especially right now!

Small wonder more and more young  
moderns are going for Oldsmobile!  
Most folks naturally prefer a pre-  
stige car . . . especially when it's such  
a value. Just look—

... a price that fits your budget  
better than many models of the  
smaller, lower-powered cars!

... a resale value so high it tradi-  
tionally tops the field at trade!

... a reputation for lively per-  
formance that's known and envied  
everywhere!

Best of all, this Oldsmobile is fun  
to own. And—with its famous  
Rocket Engine—a thrill to drive.  
Above all, this Oldsmobile is a BIG  
car . . . with the riding comfort,  
superior stability and safety typical  
of big-car design.

Come in for a behind-the-wheel  
trial of a new Oldsmobile. See for  
yourself how much your present car  
is worth in trade if you act now!  
You, too, will get Olds ideas . . . and  
the price of an "88" makes it easy  
for them to come true. See us now!

Ask us to show you the figures . . .  
**YOUR INVESTMENT HOLDS  
WHEN YOU GO OVER TO OLDS!**

We have the facts and  
figures to make it clear  
that Oldsmobile has  
top value today when  
you buy it . . . top  
value tomorrow at re-  
sale. Let us show you!

## HEALTH TALK

## How to Keep Cool

What are you doing about the hot weather and the discomforting effects of high humidity? The question poses a problem, since virtually nothing can be done about either. Yet, by employing a few commonsense devices, you can remain more comfortable, the Educational Committee of the Illinois State Medical Society points out in Health Talk.

The normal body temperature has been standardized at about 98.6 degrees Fahrenheit. The normal may be a degree below or above this figure. When changing weather conditions cause the temperature to rise or fall, a little center in the brain, acting like a thermostat, turns loose the mechanics that help the body maintain its normal temperature.

To keep cool in hot weather, you must help your body lose heat. When the body temperature is high, the heat control center starts the sweat glands to work harder, causing a person to perspire more profusely. As the perspiration evaporates from the skin, heat is taken away from the body. When the air is humid, less evaporation takes place, and the body is slow to cool. Air conditioning is the modern way to keep cool. This engineering advance is becoming uniformly used in offices, industrial plants, stores and homes. Aside from keeping the body temperature comfortable, air conditioning also filters out such irritants as dust, dirt and pollen which cause misery to allergic persons.

Not all of us wish to remain indoors during our leisure hours. For those attracted to the outdoors, there are some rules that will help ward off the hot weather discomforts.

Loose clothing, such as porous or mesh materials, permit perspiration

to evaporate more easily; frequent baths or sponge baths help to keep the body cool, as well as free from odor; drinking water frequently replaces the fluid lost through perspiration; rest, even though eight hours' sleep is not always possible, will keep the body free of physical and mental stress.

Special attention should be paid to diet. Heat is produced in the body by the burning of various foodstuffs. The process is called metabolism. Because our body tissues and muscles need just as much building materials in summer, it is much better to eat a well-balanced meal, rather than cut down on intake. This can be achieved by eating less heat-producing foods, rather than eating an inadequately balanced meal. If you don't eat properly, you are apt to feel run down and fatigued. Here the heat and

humidity cannot be blamed. Your body is tired because it is not receiving proper fuel to carry on a normal pace.

Remember these few simple hints to keep cool. Adherence to them will bring dividends in physical comfort. Remember, too, that a

calm mental outlook will thwart the additional heat produced by anger, irritability and feeling of frustration. Keep the trigger mechanism that controls your disposition at even keel. A calm and happy personality will be a ray of sunshine accepted by all about you.

KEEP ALIVE THE HOPES BORN IN  
THEIR HEARTS 180 YEARS AGO!

Help give this Independence Day the deep, spiritual meaning it had for our founders. Make the truths they fought for an active part of your daily thinking and acting.

## LINCOLN

The longest, lowest, most powerful Lincoln ever

Even the compliments are automatic in this most popular of all Lincolns. People seem inspired to say nice things about its sleek, original design—it's the only completely new fine car. And when you go in a Lincoln, you experience the ultimate in automatic driving. Not only the latest advances in power-assist features, but the almost magical freedom and response of Lincoln's new 285-hp V-8 engine, and Turbo-Drive—the smoothest, most versatile of all automatic transmissions. We invite you to drive a new Lincoln soon, for only by taking the wheel yourself can you prove what your eyes have told you—that Lincoln is unmistakably the finest in the fine car field.

## Forest Service Studies Lightning By Seeding Clouds

WASHINGTON — Cloud seeding as a means of preventing or reducing the severity of lightning will be tried out in northern Arizona as part of the Forest Service sponsored program known as "Project Skyfire." This cooperative program is designed to learn more about the occurrence, behavior, and control of lightning caused fires.

Experiments will be carried out on the Coconino National Forest where lightning causes hundreds of fires annually. More than 6,000 lightning fires occur each year in western forests, representing 65 per cent of the forest fires in the Rocky Mountain states, and 42 per cent in the Pacific Coast states.

A specially built mobile radar unit will detect, track, and analyze lightning storms. It also will assist in comparing the results on seeded and unseeded cloud systems. This is the first use of radar in forest fire control. The unit, installed in a truck trailer adapted for this special purpose by the U. S. Weather Bureau, has project headquarters near Flagstaff, Arizona.

Lightning storms and cloud systems in the project area will be observed from a network of fire lookout stations. Time lapse motion picture cameras on several towers will record the life cycle of lightning storms.

Actual seeding will be on an exploratory basis only and will be limited to the occasions when isolated lightning storms develop that are suitable for this type of study.

## Infant Survival Rate Increasing

NEW YORK—Important gains have been made in reducing the heavy loss of life among babies during the later stages of pregnancy and soon after birth, but such mortality still constitutes a serious medical and public health problem.

Prenatal mortality declined steadily in the United States from a death rate of 51.4 per 1,000 live births in 1940 to 35.0 in 1953.

Despite this progress, more than 136,000 such deaths were recorded in 1953. Of this number, about 69,000 were still-borns and 67,000 were liveborn children who died before they were one week old. The latter figure alone is twice the number of deaths that occur yearly among children in the age range from one to fourteen years. Premature birth was reported as an associated condition in a majority of deaths within the first week.

The prenatal death rate is higher for male babies than for females, and prenatal mortality is shown to vary according to the adequacy of prenatal care and diet of the mother. It is high for first-born infants regardless of age of mother, but especially where the mother is over 40.

## Here's Where Average Eater Gets Calories

WASHINGTON — The average American civilian in 1955 obtained 12 per cent of his calories from protein, 41 per cent from fat and 47 per cent from carbohydrates.

These Department of Agriculture figures show considerable change from two decades ago when the national average was 11 per cent from protein, 36 per cent from fat and 53 per cent from carbohydrates.

While the protein figure had the smallest change percentage-wise, it has won the most attention from nutritionists.

Protein provides the building blocks for growth. It comes from milk, meat, poultry, eggs, fish, soya flour and nuts.

Soya flour is used as a protein booster in many cereal foods, such as bread, cake, breakfast foods, macaroni and spaghetti.

### Salute to Shoppers

NEW YORK — Masculine merchandise is now being packaged to appeal to feminine shoppers. Manufacturers have found that even though the purchase may be for the head of the house it is the woman who makes the decision and usually does the buying. Socks are being packaged in folding boxes that resemble a book with the merchandise between the pages. Tie and socks sets are in bright boxes that look like a big box of matches. All of this, say the manufacturers, is because the little woman wants the package she takes home to look as attractive on the outside as it does on the inside.

### Too Many Experts

CLEVELAND, Ohio — Colleges are producing too many experts and too few men who know how to make decisions, says Stringfellow Barr, former president of St. John's College in Annapolis. Said Barr: "If American colleges could produce graduates able to read and write, it would be an educational revolution."

## Scout Troop 91 Has Camp-out

Scout Troop No. 91 of Antioch camped out last week at the home of the leader, Vincent Nauseda. Members are, left to right, front row, Vince Nauseda, Daniel Ludford, Jack Stieber, and William Slater; standing—Stanley Golonka, Frank Nauseda, William Ludford, and Kenneth Anderson. (Polley Photo)

## Scouts Engage in Camp-out Skit

"Sailors in Distress" was the title of the skit given by members of Boy Scout Troop 91 at the home of the leader, Vincent Nauseda last week-end. Participating here are William Ludford (left) and Vince Nauseda.

## Antioch 4-H Group Participates in County Share-the-Fun Party

Five members of the Antioch Acorns 4-H Home Economic Club participated in "Share-the-Fun" night on Wednesday, June 20, at Woodland School, Gages Lake.

Lee Nelson and Pat Kennedy did a Chinese tap dance, accompanied at the piano by Lois Wagner.

A comedy skit "Love and Marriage" was presented by Karen Lightsey and Janet Keisler.

Also attending "Share-the-Fun" night from Antioch were Mrs. Myrus Nelson, Julie Lightsey, Barbara and Willie Kissel, and their leaders, Toni Kissel, Florence Dittmer, and Louise Reichenbach.

Joanne Miller, a member of the Volo Busy Bees home economics club, was chosen to accompany and introduce the three top Lake County acts selected by judges to compete in the district contest at St. Charles High School on July 5.

Competing for district honors with festival winners from 10 other Illinois counties will be these winning acts:

A vocal number by Marilyn Roelle, Linda White, and Margaret White, all members of the Tip Top Teens home economics club of Libertyville.

A baton twirling act, "Baton Capers," by Sandy Parker of Mundelein Lassies home economics club.

A costumed novelty act, "Do You Remember?" by members of the Jolly Bunch home economics club of Grayslake.

## MRS. Homemakers' FORUM

Don't throw out that saucepan cover just because the knob is gone. Instead, push a screw through the opening and twist a cork onto it. Good as new!

When you sprinkle clothing before ironing, use lukewarm water—it penetrates more evenly than cold water.

If you keep a candle stub in the thread box, you can draw thread through the wax to stiffen the end before threading a needle.

Coat children's gold colored jewelry with clear nail polish, and the jewelry won't turn green.

Save work by soaking extra-soiled work clothes overnight in a solution of Pine-Sol and water.

When it's time to buy new shower curtains, why not make aprons from the old ones?

Hold a steam iron over rug depressions and they'll vanish!

Sausages will shrink less—and won't break—if you boil them for eight minutes before frying.

**A MATTER OF MONEY** by WALDMAN

NEW ENGLAND MERCHANTS OF 1796 WOULD GIVE YOU 100 PENNIES FOR A DOLLAR NEW YORKERS GAVE ONLY 96¢.

THE VALUE OF THE DOLLAR IN A U.S. QUARTER IS LESS THAN 12¢.

THIRTY NATIONS NOW USE LIGHT ALUMINUM COINS—CONTINUING THE TREND AWAY FROM PRECIOUS METALS IN MONEY.

YOU'D HAVE TROUBLE SPENDING FOREIGN CURRENCY IN THE UNITED STATES. BUT AMERICAN EXPRESS TRAVELERS CHECKS ARE ACCEPTED IN ALL COUNTRIES OF THE WORLD AT FULL VALUE.

## Backaches Can Be Caused by Many Bad Posture Habits

MINNEAPOLIS—Does your back ache? If so, don't feel too badly about it. You are not alone.

Orthopedic physicians report that close to 50 per cent of their cases consist of the enormous assortment of backaches to which humanity is subject.

Most back troubles, even the disabling ones, come from things people do to themselves; only a minority are the result of outside causes.

By far the number one cause of back trouble is posture—faulty posture while standing, sitting, sleeping, working, lifting, driving. In fact, the posture habits of most Americans are pretty terrible; if right posture habits were drilled into all school children it would save an enormous amount of disability in later life, for most back troubles occur in men and women over 40.

Posture is so much more important than most people realize because the human spine is a pretty weak piece of engineering. It is a makeshift adaptation forced by that odd human habit of going around on two feet instead of on all fours. To hold the trunk upright the spine has to form an S-curve, which even a freshman engineering student will tell you is a pretty weak set-up. Postures which exaggerate the "S" curve invite strain and pain.

## Alien Physicians Training in U. S.

CHICAGO — More than 6,000 foreign physicians are in the United States this year to complete their professional training as interns or residents, while more than 1,700 Americans are studying at foreign medical schools.

A survey of foreign physicians in the U. S. was made by the Institute of International Education and the American Medical Association.

The study showed that 1,730 Americans are studying in 26 different countries. Switzerland, Italy, Canada, Netherlands and Belgium each have more than 100 American students. The University of Bologna (Italy) has the largest number, 243 American medical students.

The 6,033 foreign physicians in the U. S. are training in 764 hospitals. This is almost a thousand more than the 5,036 reported in 1954-55.

Approximately 47 per cent first came here this year.

Of the group, 1,859 are internes and 4,174 are residents; 86.6 per cent are men and 13.4 are women. They are distributed among all but four of the states. Only Idaho, Nevada, New Mexico, and Wyoming have no foreign physicians in training.

## Marriage Now at Peak Of Popularity in U. S.

NEW YORK — Marriage as a way of life, is at peak popularity among American men. In number, American husbands have reached a record high, totaling 39,000,000 in the civilian population alone.

The typical American nowadays marries at a relatively early age, establishes his own household soon after marriage, and keeps his nose to the grindstone to the extent that he bears responsibility for raising a family throughout most of his working life. About 95 per cent of all married men under age 65 are gainfully employed.

These facts are derived from a statistical profile of the American husband using largely data from the Bureau of the Census. Other details: Over one-quarter of the present-day husbands are under 35 years of age, and an additional fourth are in the 35 to 44 age bracket. At the same time, however, the numbers of ages 65 and over is close to 4,400,000—about 11 per cent of the total—and is growing rapidly.

Four-fifths of the families where the husband is in the age range of 25 to 34 have at least one child, and nearly one-quarter have three or more children.

## Fossil Remains Turn Up in Wyoming Valley

WASHINGTON — An isolated Wyoming valley has yielded a considerable collection of fossil remains of archaic mammals of about 60 million years ago, animals only remotely related to those living today. The fossils from this locality, known as the Bison Basin, first discovered four years ago, have been described by Dr. C. Lewis Gazin, curator of vertebrate paleontology at the Smithsonian Institution, who had a major part in collecting them.

The creatures lived during the Tiffanian epoch, next to last subdivision of Paleocene geologic time—a period that lasted approximately 20 million years but which was just the start of the "Age of Mammals." The Paleocene was the time when mammals were coming up as the dominant animals on earth and the importance of the dinosaurs had just passed.

## Coast Guard Finds One in Ten Boats Violate Safety Law

Cleveland, June 15—During the 1955 boating season, the U. S. Coast Guard boarded over 46,000 motorboats on federal waters in the Great Lakes area and intends this year to go over 50,000.

Of this number last year, one out of every ten boats boarded was cited for a violation of the Motorboat Act . . . failure to have sufficient safety equipment to meet the legal requirements of the law.

In 75 per cent of the violations, failure to have a sufficient number of life-saving devices aboard accounted for the citing. All motorboats, regardless of their size, MUST have a life-saving device, approved by the Coast Guard, for each person on board.

Motorboats of less than 40 feet in length must have one Coast Guard approved life preserver, buoyant vest, ring buoy, or buoyant cushion, in good condition, for each person on board. Motorboats from 40 to 65 feet must have one Coast Guard approved life preserver, or ring buoy for each person on board. (Buoyant cushions or buoyant vests will not meet the requirements of the law on this class motorboat.)

Motorboats which carry passengers for hire must have an approved jacket type life preserver for each person on board, and an additional number of approved life preservers suitable for children, equal to at least 10 per cent of the total of persons aboard. Operators of such craft MUST also be licensed by the Coast Guard.

All life preservers, to meet the requirements of the Motorboat Act, MUST display the stamp of approval by the U. S. Coast Guard. In the case of buoyant vests or cushions, a tag must be attached showing the Coast Guard's approval.

This law is for the boatman's own protection. In the event of an emergency, such as a collision, fire, swamping, etc. . . . you cannot walk away, the life preserver may save your life.

**Receives Merit Award**  
Ben Noble, past Governor of Antioch Moose Lodge No. 825, was presented the Gold Lock Merit Award from Mooseheart at the group's meeting on Wednesday, June 20.

Jack Stieber, present governor, made the presentation.

Recent South Dakota poultry tests show that from 10 to 50 grams of antibiotics per ton of feed increased egg production 2.3 to 3.3 percent and boosted feed efficiency.

THE ANTIOCH NEWS  
Antioch, Illinois

### DeKalb Crop and Weather Reporting Service Gives Data

Hot day and night temperatures plus scattered showers—heavy in many localized areas—have pushed corn along very rapidly. In Illinois DeKalb Seed Corn Crop reporters indicated corn height as 3 inches above normal on June 20. This same condition would apply to most states west of Illinois, but east of here corn was smaller than normal because of late planting and much replanting.

Conditions varied considerably over the country as shown by these reports by areas: Northern Indiana—plenty of subsoil moisture; Southwestern Minnesota, 100 record high for mid June; Northwestern Ohio, very little corn big enough to cultivate; Southwestern Iowa—poorest pastures since 1936; corn stands uneven because of dry soil when germinating. Northeastern Nebraska—need rain badly—hot winds; Eastern Missouri—subsoil unusually dry; New York—temperature jumped from winter to summer; Southern Indiana—much replanting due to floods; Oklahoma—most corn tasseled; Southwestern Missouri—unless it rains each week, crops go backwards rapidly; Tennessee—farmers using sorghum to follow small grain; Northwestern Iowa—implement companies holding field days on borer control with granular D. D. T.; Central Illinois—soybeans never looked better; South Carolina—boll weevil infestation exceedingly heavy.

Insect pests are starting to appear in large numbers in some areas. Grasshoppers are being combated by spraying in Southern Iowa, Missouri and Kansas. Corn borer moths are flying and eggs are being laid in the Central Corn Belt. Areas of heaviest prospective damage are in the North half of Illinois and much of Iowa, Southern Wisconsin, Minnesota and Southeastern South Dakota. Those one-time centers of corn-borer infestation—Michigan and Ohio—are not now affected as much as the great corn growing areas of the Western Corn Belt.

### NUTRITION KNOWLEDGE EFFECTIVELY USED

Is it any use for the average person to learn fundamental facts about nutrition, including such things as the Basic Seven, the protective foods, value of proteins, minerals and vitamins and what foods provide the most of each essential nutrient? Will such knowledge help a homemaker do a better job of feeding her family.

A study in New York state by Cornell University School of nutrition gives a "yes" answer to both questions.

It was found that a higher percentage of homemakers with at least a "minimal" knowledge of nutrition fed their families adequately than was true for those with only some or no knowledge.

It was found that the groups of foods about which homemaker's knowledge was weakest were the citrus fruits, Tomatoes, Cabbage, green leafy and yellow vegetables and milk, cheese and ice cream. It was also found that these were the foods that were "most poorly used in practice."

### Good General Rule for Calories

At least half the total caloric intake should be in the form of the protective foods, that is, fruits and vegetables milk and milk products and eggs in the opinion of some noted nutritionists. Some suggest that fruits and vegetables should be given a more prominent place than in the recommendations stated, which are known as the Stiebeling and Ward recommendations. Dr. Hazel Stiebeling is now director of Human nutrition and Home Economics Research of the U. S. Dept. of Agriculture.

Use a paint roller to paint the woven wire of poultry fencing for a speedy, economical job. Both sides are easily painted, and no paint is wasted. Finish small areas not reached by the roller with a brush.

### LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger and appetite. No drugs, no diet, no exercise, absolutely harmless.

When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by:

### Outboard Motor Powers Car at 102 mph!

Weighing only 650 lbs. and powered by a 40 h.p. outboard motor, this Italian Stanghellini sports car set a new world's record of 102.1 mph during NASCAR Speed Week at Daytona Beach this year. Because of its unusual power-to-weight ratio, the car has terrific acceleration and completely outperforms automobiles using engines with even greater cubic inch piston displacement! Powering this speedster is a Mercury Mark 55 four-cylinder in-line outboard motor. The car is driven by Herman Behm of Oshkosh, Wisconsin.

## Scout News

Camp Ma-Ka-Ja-Wan opened its 28th season on June 26th. A total of 1032 reservations makes this a record season in the history of the camp.

Victor J. Killian, chairman of the Camping Committee, indicated that additional reservations will still be accepted at the Council office. The capacity of the camp has been increased this year to 1,100 camp periods because the camp schedule was changed to five 11-day periods from the previous 14 day periods to give more scouts the opportunity to attend camp.

A staff of 63 counselors has been employed for the coming season and will be directed by two members of the Council Executive Staff, Chas. J. Gribble as camp director and Douglas G. Kindschy as program director. Many veteran members of the camp staff will return this season. Among them will be Robert McNattin, Wilmette, assistant program director and the following as camp troop scoutmasters: Sandy Klein, Wilmette; Charles Birdlebaugh, Wilmette; Steve Birdlebaugh, Wilmette; Allan Applegate, Northfield; John Stiekney, Lake Forest; Phil Garrison, Wilmette; William Hindman, Wilmette; Rod Suter, Bloomington. The waterfront director will be John Quinn of Champaign; commissary director, John Sheridan, Highland Park; nature director, William Binard, Deerfield; handicraft director, Don Verbeke, Lake Forest; scoutcraft director, Chris Knott, Wilmette; and field sports director, George Holstein of Lake Bluff. The trading post and QM director will be Ron Williams of Lake Forest, Ill.

From the Lighter Side  
Of the Reader's Digest

The cry of the Army nurses who gave hypo injections in the hospital wards was "Bottoms up." One popular nurse's patients chipped in at Christmastime to buy her a present, which they tagged: "To the best rear runner in the outfit."

## Paint and Plaster in One Operation with Plastr-Tone

Have you a problem room, one in which the ceiling and walls are cracked? Then the magic of Plastr-Tone is your answer for it paints and plasters in one, easy, do-it-yourself operation in any of 16 decorator colors that can be washed over and over.

Plastr-Tone gives a new surface and completely seals and covers unsightly cracks and pits in plaster. It hides wallpaper seams or taped wall-board joints and even covers brick and concrete. Tough and flexible, it will not chip, scratch or mar, and it resists strains which break plaster.

Plastr-Tone is easy to apply with a roller or brush just as it comes from the can. It's odorless and dries to a plasterlike hard finish in a few hours. Since it does two jobs in one, it's economical.

For the location of the dealer nearest you call (telephone), or write (name of distributor, street address, city and zone).

Plastr-Tone can be purchased at

Pat Flaherty, of Chicago, winner of this year's 500-mile Memorial Day auto race at Indianapolis, has signed for the 100-mile 1956 Illinois State Fair auto race, August 18.

Beef flavor and tenderness are signs of quality and are related to Government grades. The U. S. grades have been changed slightly within the past few weeks. In descending order they are: Prime, Choice, Good, Standard, Commercial and Utility. U. S. Standard is the new grade and it applies to beef from younger cattle that was formerly graded Commercial. Now only the older animals. This meat

is lean and less tender than the higher grades.

Braising known also as potroasting is the favorite method of cooking pot roast. It is the most satisfactory method for all cuts of Good or lower grade. Pot roast is rich in flavor and tender if properly cooked. It has the added advantage of making possible a one-dish meal.

Potatoes, onions, carrots or other vegetables can be cooked with the meat.

## Cookery

Brown the outside of the roast in a little fat. Add small amount of liquid and cover. Cook at low temperature until tender. (Generally a 3-to-5 pound pot roast will require 3 to 4 hours.)

### Illinois and Indiana Residents on Travel Spree This Summer

Illinois and Indiana residents have joined millions of Americans on a travel spree this year, according to the Chicago Motor Club's Touring and Travel departments. Comparing figures with the travel experts of the American Automobile association, the Motor club has come up with these figures.

Nearly nine out of 10 members took a trip last year. Twenty-five per cent managed to take two trips; 13 per cent had three trips; nine per cent had four or more trips. The average time away from home was three weeks, and the average expenditure on the road was \$30.

Of those who traveled, 85 per cent went by automobile, but other forms of transportation were heavily used—10 per cent of the automobile trips being in combination with rail, plane, ship and bus, and another five per cent exclusively by these modes of travel.

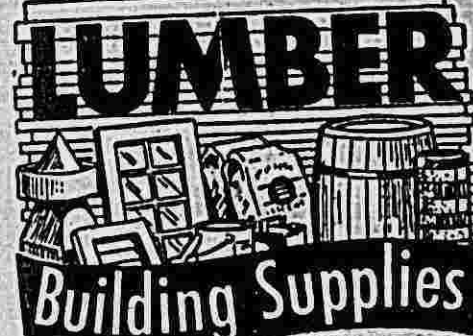

Americans are strong family travelers, statistics show. Twenty-six per cent took their children along, while more than two per cent traveled with infants and five per cent carried their pets with them.

Of those using paid accommodations while en route, 8 out of 10 stopped at motels, while the other two used hotel facilities. At destination, the trend was reversed, with more than half of all travelers stopping at hotels and resorts. However friends and relatives provided lodgings for many, both on the road and at arrival.

Motor Club members, it is revealed, are looking forward to ever-widening travel horizons, planning trips to Canada, Europe, Mexico, and the Caribbean.

Cows produce more milk and butterfat if they have at least six weeks to two months of rest between lactations.

The "million dollar" livestock parade will be presented before the grandstand Friday, August 17, at the 1956 Illinois State Fair.

Mrs. Fred Bartlett, Correspondent  
Tel. Elliot 6-4454

Phyllis May and Rosella McCarthy went to the eighth annual carnival held at Downey June 19th. Jeanette and Carol McCarthy are spending their vacation at the home of their grandparents, Mr. and Mrs. Elmer McCarthy of Apple River, Ill.

Welcome calls were paid the following families: Mr. and Mrs. Chas. Moore and son, Mr. and Mrs. William Krehmker, Mr. and Mrs. Clayton S. Paschen, Mr. and Mrs. Henry A. Kapp, Mr. and Mrs. Lewis Patten, and Mr. and Mrs. George J. Mack and son.

The Jack Perrys held a wedding reception at the church basement Monday, June 18 for their niece and her bridegroom, Mr. and Mrs. Howard Wucker. She is the former Pauline Dahlberg.

The guests included Mr. and Mrs. Vern Blust, Mr. and Mrs. Arthur Evans, Mr. and Mrs. Al Sorensen and children, Mr. and Mrs. Fred Troesch and Mrs. Gerald Robinson and children. Out of town relatives were Mr. and Mrs. Martin Dahlberg and son Roger of Northbrook. They are on a honeymoon trip through Indiana, Illinois, Wisconsin and Upper Michigan. They will reside at Cadillac, Mich.

Mr. and Mrs. Leo Millmore and family of Zion, Mr. and Mrs. Garland Palmer and family of Wisconsin, Mr. and Mrs. Jack Emerson and family of Des Plaines, Mr. and Mrs. Frank Emerson of Lake Villa held a family picnic June 20th in Zion, Ill.

Mrs. Frank Emerson was escorted to the Eastern Star by Mr. John R. Hamm. Bunco was played and refreshments were served. Money raised goes to the Polio fund.

Jim Fish, Paul Williamson, Philip Wagner, Jr., and David Gundy joined the Marines last Monday. They are stationed at the Marine camp in California.

Florence Peterson, Eva Gaylord and Francis Barnstable attended the V.F.W. Encampment at Springfield, Ill., last week.

Mrs. Russell Nickerson, daughter Donna and sons, Terry and Tommy, spent a week with relatives in Galena and Elizabeth, Ill.

Mr. and Mrs. William Effinger and family, Mr. and Mrs. Joe Nader, Jr., and family are vacationing at Chetek, Wis.

Mrs. Bernard Schneider and family, Mrs. Raymond Mobile and family of Lake Bluff spent last Thursday on a peach party at Foss Park, in North Chicago.

Mr. and Mrs. Frank Gedman and Tina Gerber spent Sunday at Lake Geneva, Wis. They enjoyed a boat trip around the lake.

## Citrus All Day Long

That's not a bad idea, this time of year, for oranges and grapefruit are good toners and help build up resistance to the colds and respiratory ills that are sweeping the country. Fortunately, this is the season when Florida's fresh fruit is in abundance, and most economically priced, in your local markets. You'll find frequent specials on this vitamin C-rich food.

For sectioning, choose heavy thin-skinned grapefruit (either pink or white-fleshed) and the Temple oranges, the variety similar to tangerines when it comes to easy peeling. Remove the peel, just as you'd pare an apple, and over a bowl (you'll want to save the juice) cut away all the outer white membrane. Then lift each section out, cutting away from the dividing membranes at each side.

The mixed fruit has endless uses. Plain fruit cups are good menu items for breakfast, lunch or dinner. The sections can be used in salads, or to garnish meat or fish dishes. And however they're used, they lend refreshment and nutrition to a meal.

### New Thinking on Proteins

While fruits and vegetables are not rich in proteins, they contribute about 8 per cent of the national supply. It has been generally taught that fruit and vegetable proteins are not of high quality and not important. However, recent studies show that such proteins may be an important supplement to the cereal proteins.

### Main Deficiencies

The principal deficiencies are in two food groups—the milk group and the vegetables and fruit group. In cases where diets are below par, they often are found low in calcium, derived largely from milk products; and also low in vitamin C and vitamin A, derived mainly from fruits and vegetables. In general, if an individual is below the safe level in intake of one nutrient, he is also usually deficient in others.

Stop weed and grass growth in a crushed rock driveway by running salt water from a water softener over it. Attach a garden hose to the pipe from which the salt water and rinse water flows during regeneration of the softener. Use care so the salt water doesn't get on the lawn and flowers, says the June issue of Successful Farming magazine.

One hundred pages of the 1956 Illinois State Fair Premium book are devoted to the prizes offered by the Land of Lincoln Breeders fund. This year's fair will be held Aug. 10-19.

Entries close July 15 for the 1956 Illinois State Fair horse show, to be held August 10-11, and 13 through 17 at Springfield.

## GLAMOROUS, SURE—

but a tomboy  
at heart!

Turn Chevy out on the road to discover its real charm! For this is the beauty that recently raced 2,438 miles in 24 hours to set a new competition track record!

It happened at the famed Darlington Raceway. A '56 Chevrolet, with 225 h.p., poured it on for 24 straight hours, averaging 101.58 miles per hour, to top the Indianapolis stock car record by 280 miles! Here's proof of performance, stamina, stability and sureness of control that no other regular production car on the road can equal! Stop by for a sample!

America's largest selling car—  
2 million more owners than any other make.

## Millburn

Mrs. Frank Edwards, Correspondent  
Phone Eliot 6-3323

Regular services at Millburn Congregational church July 1, include Sunday school at 9:30 a. m. and church services at 9:30 a. m. and 11 a. m.

The Study Group met this (Thursday) morning, June 28, at 9 o'clock at the home of Mrs. Herbert Messner.

The ice cream social sponsored by the Couples Club last Tuesday evening was well attended and everyone enjoyed the mock wedding given by members of the club.

Harold Kling and Martin Halverson of Chicago were week-end guests of Mr. and Mrs. Charles Lucas.

Mrs. Charles Hoff of Milwaukee is visiting her daughter, Mrs. Frank Hauser.

Mr. and Mrs. Don Voightlander and son Michael of Kenosha spent Saturday afternoon and evening at the home of Mr. and Mrs. Herbert Graham.

Mrs. Carl Anderson, Mrs. Herbert Messner and Mrs. Frank Edwards were guests of Mrs. Ray Laursen Tuesday afternoon.

Mr. and Mrs. Harold Yudel of Oak Lawn spent Saturday at the Joseph Strohal home.

Mr. and Mrs. Elmer Hauser and family with Mr. and Mrs. Orville Hairrell, Sr., of Waukegan spent the week-end with relatives at Marion, Ind.

Herbie Messner returned home Tuesday night from a two weeks trip of canoeing and fishing in the Turtle Lake region of Canada.

Mr. and Mrs. Robert Nelson and daughter of Round Lake, Mrs. Adie Lucas of Wadsworth and Mr. and Mrs. Joseph Strohal were guests of Mr. and Mrs. Charles Lucas Sunday. The event was the Lucas'

wedding anniversary and birthday of Mr. Lucas.

Mrs. Harold Myers and daughter Kathy, and her brother Victor Petry returned home after a two weeks visit with their father at Jefferson City, Mo.

Twelve members of the Junior Pilgrim Fellowship left Sunday for a week of camp at Pilgrim Park at DePue, Ill. This is the culmination of a year's work under the leadership of Mr. and Mrs. Robert Clark.

Mr. and Mrs. S. Kowal and family and Mrs. Florence Raymond of Milwaukee were callers at the Frank Hauser home Wednesday.

Mr. and Mrs. William Heintz of Lansing, Ill., spent Tuesday at the Frank Edwards home. Mrs. Heintz is a sister of Mrs. J. Kaluf.

The Millburn Maidens 4-H club received superior rating at the Share-the-Fun festival for the act Hill Billy Rhythm which was held

## This WEEK'S

## U of I MARKET BUY

For more market tips and food information write:

UNIVERSITY OF ILLINOIS  
Consumer Service  
160 N. LaSalle St., Chicago 1, Ill.

Beef, pork and lamb drop in price for many major cuts, reversing trend of past few weeks. Fryers hold price levels as consumer demand moves out heavy supplies. Improved weather situation increases volume of seasonal produce items and drops prices for peaches, strawberries, cantaloupes, watermelon. Potatoes and onions still high. Bananas continue as a spot value on increased supplies. More retail reflection of coffee price increases, averaging 25¢ per pound. Eggs a feature value as supplies of large sizes back up in market and prices drop as much as 5¢ a dozen.

## SELECTED VALUE ITEMS

(costs based on consensus retail prices in Chicago area)

Item	last wk.	this wk.
Beef pot roast—blade cut...	16c	12-13c
Round steak.....	20c	16c
Sirloin steak.....	35c	30c
Hamburger.....	12c	9-11c
Ham—whole smoked.....	17c	13-14c
Fryers.....	30c	25-30c

**Post Haste**  
A professor at an Eastern university driving to the west coast had been invited to stop enroute at the home of several of his former students. A methodical gentleman who prided himself on efficiency, he wrote all this thank-you notes beforehand. He sealed, addressed and stamped the letters, bundled them up with a rubber band and put them in his bag.

His first stop was in Buffalo. The following night, unpacking in a hotel room about 300 miles farther

west, he discovered the thank-you notes were missing. Telephoning his Buffalo host, he asked with a studied casualness, "Did you by any chance find a bundle of letters in the guest room?"

"Why, yes," said his friend, "I mailed them for you this morning."

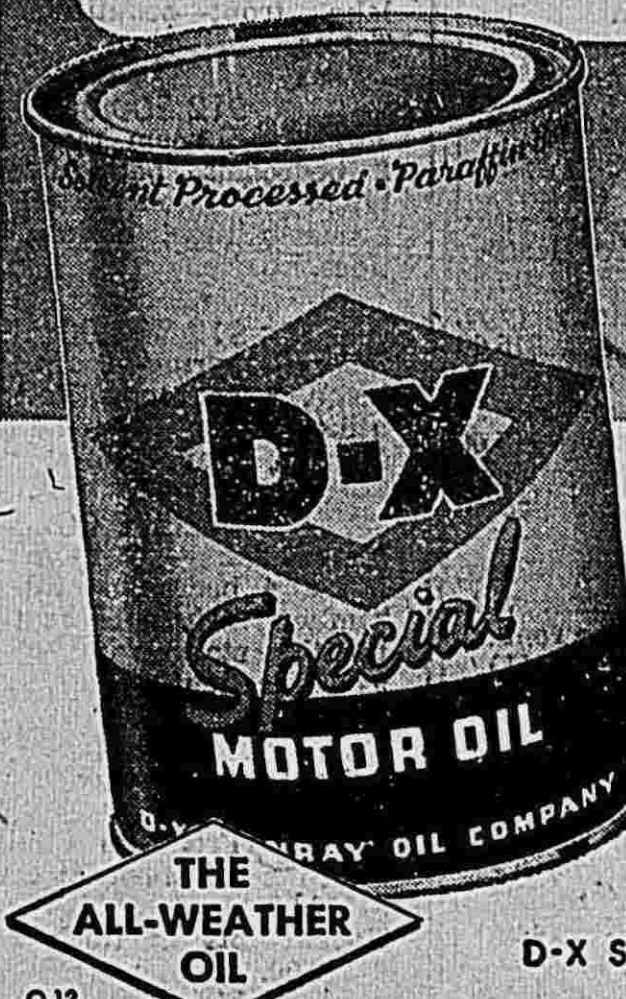

## Poor Nutrition Not Unusual

Research shows that poor nutrition still is not unusual in this country. Dr. Horace L. Sipple, executive secretary of The Nutrition Foundation says: "We find that in

every section of the country where reliable food consumption surveys have been conducted, approximately one-third to one-half of the individuals have been consuming diets that did not furnish regularly the quantities of specific nutrients recommended for health.

If a tornado catches you in a building, open some windows and lie down in the southwest corner of the building, advises Successful Farming magazine in the June issue.

## How D-X SPECIAL OIL Boosts Gas Mileage:

This amazing oil does it two ways. First, it reduces power-wasting friction and drag so much that it can give you up to four more miles a gallon. Second, D-X Special has the unusual power to make good premium gasoline perform as if it were several numbers higher in octane!

To be sure of Maximum knock-free power, try D-X Special along with D-X Gasolines containing an exclusive upper-cylinder lubricant. This terrific combination gives you tops in knock-free performance.

D-X SUNRAY OIL COMPANY—Tulsa, Oklahoma

Ask Your D-X Dealer How to Save \$17.85 a Year With D-X Lubricating Gasolines

## Why is her kitchen 10 degrees cooler?

## SHE HAS A MODERN electric RANGE!

Turn on the oven for a couple of hours in the average kitchen on a hot summer day. What's cooking? You!

But not if you have a modern electric range. Because it keeps the heat in the oven where it belongs, an electric range will keep your kitchen about 10 degrees cooler.

Of course, you'll enjoy electric cooking for other reasons. It's twice as clean as any other way to cook. And today, nothing cooks faster than the new high-speed electric surface units.

See the 1956 electric ranges at your electric appliance dealer's now. You'll see models with built-in rotisseries, smokeless broilers, thermostatic controls and automatic timers. Find out how little it costs to own a modern electric range.

Big saving—we pay part of your range installation cost. Need modern wiring? We share the cost with qualified home owners in 1, 2 and 3-family dwellings.

And you get more than a money saving!

Modern wiring helps improve your TV picture, brightens lights, makes everything electrical work better. You can also install a 240-volt electric dryer, water heater or air conditioner quickly and cheaply. The Share-the-Cost Plan is available on terms of up to 2 years.

### World Tour Planned For Working Girls by Sigma Alpha Sigma

The first 'round-the-world flight for working girls—from sophisticated capitals of Europe and the Orient to ancient provinces where docile women still pull a plow and never sit down to meals with men—is set for August 4.

The trip is a project of Sigma Alpha Sigma, National Working Girls Sorority.

"This will be the first time that a group of working women have banded together to take a trip that was formerly looked upon as the prerogative of the well-to-do," said Miss Muriel Davis, president of the organization.

The term 'wage slave' and clichés about the little toiler who bends over a hot typewriter all day are definitely outmoded. Today the rickshaw and camel are almost as close as the car pool or the 8 a. m. bus and the Kasbah is not too great a jump from the coke machine. The whole world is very much within reach—economically as well as geographically.

"Wider horizons and better understanding between the hopeful energetic women of all countries is hoped for as a result of this trip," added Miss Davis.

The group will meet with one or more of the outstanding women of each country that they will visit.

"We hope to make this a real 'people-to-people' adventure," said Miss Davis. "We want to see how our sisters in other lands live; and girls' view of their everyday lives.

The various governments we have contacted seem equally anxious to show us the progress that they have made in modern living. We hope too, that we can bring to the women of other lands a better understanding of America—perhaps a more common sense glimpse than the Hollywood version.

About thirty-five women—secretaries, typists, nurses, laboratory technicians, civil service clerks, and teachers are among the group that have already made reservations to fly around the globe at its widest part via TWA. The entire cost of the 26,000 mile trip, August 4th to September 3rd is only \$1,950 and some of the girls are taking advantage of TWA's "Go-Now-Pay-Later" plan.

They will fly from Idlewild Airport to Lisbon, Madrid, Rome, Athens, Beirut and Jerusalem. In Cairo they will receive many courtesies of the Egyptian government. Dr. Doriya Shafik, director, Bent El Nil Magazine and Mrs. Amira El Said, both women with knowledge of Egypt's political and social affairs will meet with the group. The pyramids, the Sphinx, camel rides, old bazaars of Cairo and the Oriental Casino at Abdine Palace—the ex-king's palace—will be just a small part of the plans that have been arranged for them by the authorities in Egypt so that their stay will be "cherishable."

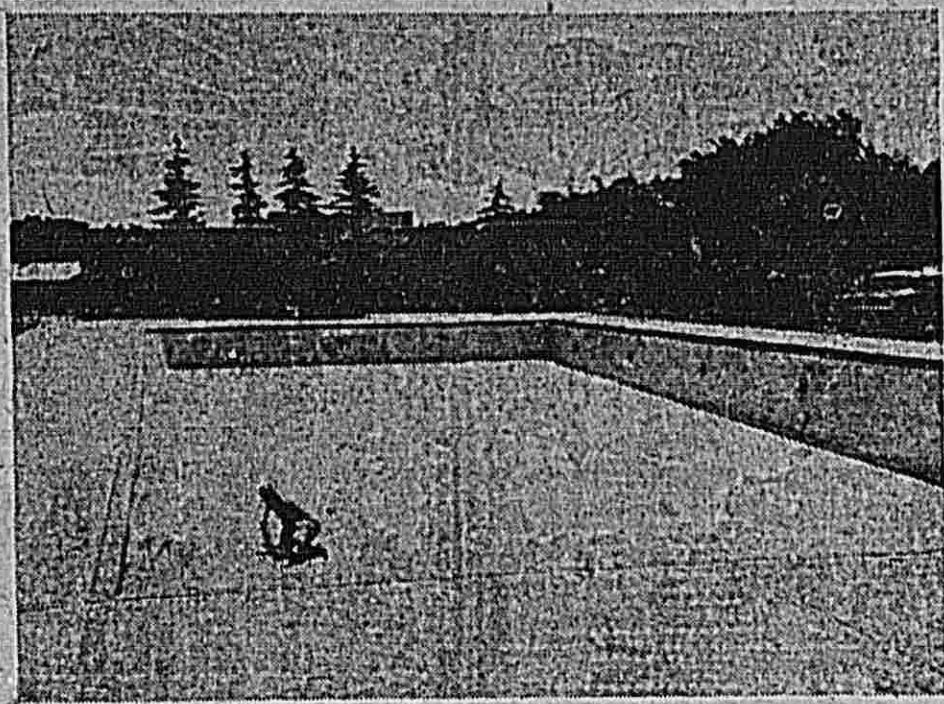

In India, too, the officials have promised a colorful welcome to this unique American group. Mr. J. J. Mehta of the India Tourist office is working on plans for meeting with prominent women in India, including Mme. Pandit. In India there will be "servants" to carry baggage, serve as translators and to cook food for the girls on the train. There are no diners on the trains in India, but the railroads provide stove and cooking facilities. Among the high points of the stay in India will be a visit to the Hanging Gardens, the Tower of Silence, the Taj Mahal and Benares on the Ganges river where the people come to cleanse themselves in its holy waters.

They will visit Bangkok, Thailand, the "Venice of the Far East." Here half of the population live on boats afloat in the Chao Phya river, and the group will visit the famous floating markets and shop from boat to boat. From there they will fly to Singapore and then to Hongkong known as "Shoppers' Paradise" because the city is free of import duty and merchandise in the well-stocked shops is much cheaper here.

In Tokyo there will be a special reception for the group and they will visit the Imperial Palace, the Japanese shrines, Mt. Fujiyama and go shopping again, of course. In Nikko, the old capital and art-center of Japanese culture they will stay at a Japanese inn and live Japanese style, even to rolling out mats and sleeping on the floor.

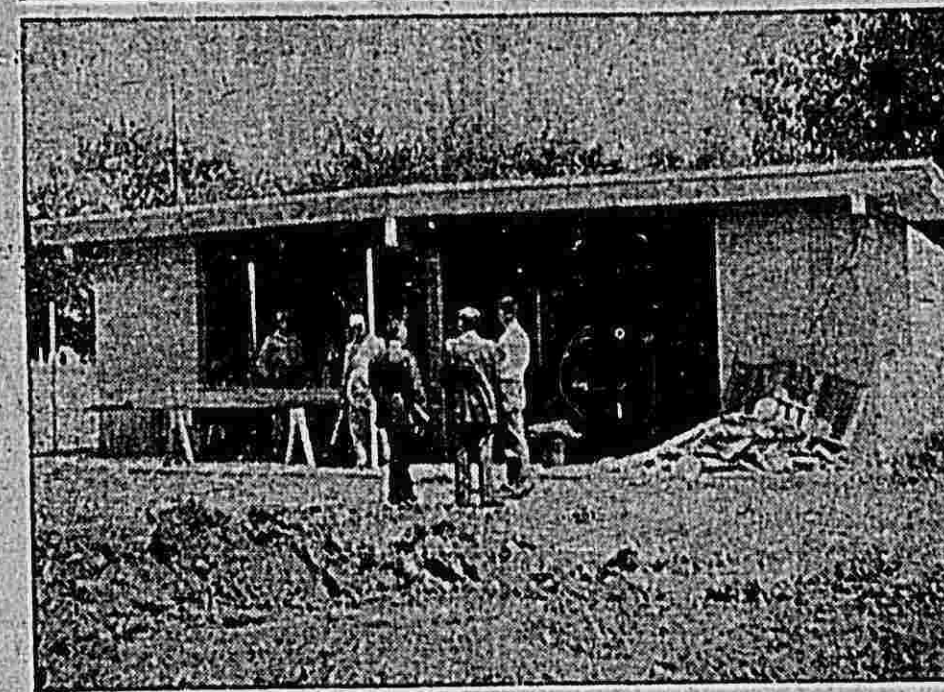

The windup of the trip will be a day of sightseeing in Honolulu and an Aloha party at Waikiki. Then back to the mainland.

### Paint Floor of New Swimming Pool

Painting of the lanes and depth lines in the Lions new Aqua Center pool at the William park are shown in progress as one of the latest chores before the opening of the new pool. In the background is the bath house.

### Ready Front of New Aqua Center

Workmen are shown completing the front of the new Aqua Center while directors contemplate the fine appearance of the new bath house, which will be open to the public next week.

### OUT ON A LIMB

By Stumpy McCulloch

Ol Hannibal came down from the mountains to enroll his son in school. "My boy's after some latin," he told the teacher. "What do ye have?"

"We offer English, spelling, trigonometry, history and geography," she said.

"Well, give him some of that trigonometry," Hannibal said. "He's the worst shot in the family!"

More than 3300 communities in our country, I hear, now own forests! They range in size from a five-acre wood lot in Arkansas to a 67,000-acre watershed in the Cascade Mountains, which is owned by the city of Seattle. Thirty-one years ago, for instance, the town of Pembroke, Mass., took over 100 acres of nearly worthless land. Today that land, covered with pine and spruce, yields a harvest of timber worth \$2,000 a year! And part of that land is used for recreation: for baseball, picnics and hikes.

Same thing is happenin' all over. Waynesville, N.C. has owned 8244 acres of woodland since 1915. In 1948 the town began to harvest its timber, and since that time has realized a net profit of \$250,000! In Danville, N.H., a church-owned wood lot has earned \$45,000 for the church in the last 100 years. And Groton, Mass., which uses the principles of selective cutting and reforestation on its 420 acres of white pine, has just finished cutting \$2,000 worth of timber. The oldest community forest in America, they tell me, is at Newington, N.H. When Paul Revere repaired Newington's cracked church bell just before the American Revolution, he was paid with money the town forest had earned!

But the idea is even older than that. Zurich, Switzerland, owns a forest 650 years old, which pays the city \$115,000 every year.

### New Pool Manager

Warren Polley

Warren Polley, athletic director at Antioch Township High School is the manager of the new Aqua Center at Williams Park which will be opened next week. He has provided a fine staff of assistants.

### Card of Thanks

I wish to thank my many friends for their acts of kindness and for the beautiful cards sent me while in the hospital.

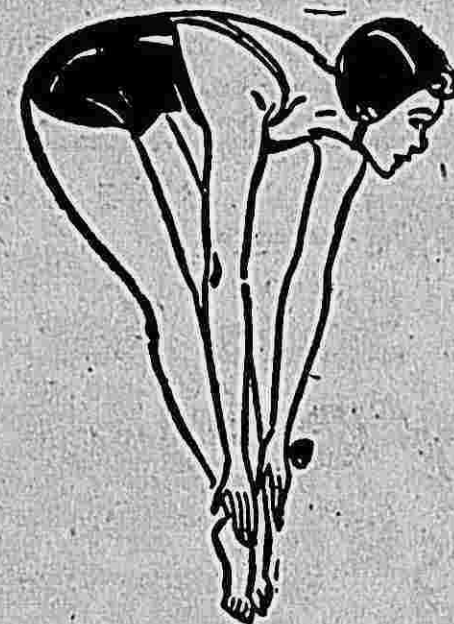

Mrs. Clara Buck

End the usual medicine-taking struggle with your children. Have your child hold a piece of ice on his tongue for a while; then he won't taste the medicine.

# You're Invited To Visit Antioch's New SWIMMING POOL

Village Park Williams Street and Main

SUNDAY, JULY 1st

You are invited to inspect the pool from noon until 2 p. m. The pool will be opened for swimmers at 2 p. m.

Hours during the first week of operation will be 2 to 5:30 and 7:30 to 10 p. m. daily. Mornings will be taken up by instruction in swimming and water safety classes.

Application blanks for season tickets to the pool are available at King's Drug Store, Reeves Drug Store, State Bank of Antioch, First National Bank, The Antioch News, and the Pool Box Office.

## Health Talk

### Don't Be a Fourth of July Statistic

Reminders of safety precautions are widespread, but the approaching July Fourth holiday will show once again how few people heed them. Unfortunately, loss of life, disability and unnecessary suffering will mar the happiness of many persons through carelessness on "The Fourth," the Educational Committee of the Illinois State Medical Society observes in Health Talk.

For example, Illinois has a law forbidding the sale of fireworks, yet numerous and yes, affectionate parents, will purchase these explosives illegally. The beauty of a colorful display of fireworks is quickly lost when a child is burned. And fireworks have caused the loss of vision in one or both eyes.

Wise is the parent who takes his child to the properly supervised public displays where every precaution is taken to safeguard spectators. Don't let little hands near these explosives. Sparklers, even though they are said to be innocuous, have caused damage and suffering.

A tiny firecracker, slow to ignite, has been known to explode in the hands and face when picked up for investigation.

Other accidents will occur on the Fourth, unless you do your share to avoid them. Traffic accidents, drownings, excessive exercise, over-eating, too much and too rapid exposure to the sun, falls will be other sources of tragedy. Driving too quickly, forgetting to give the other fellow right of way in traffic, and the imbibing of alcoholic beverages will be additional causes of accident. Will you or some one dear to you be included in these statistics?

Drivers of motor vehicles should be cautious on the streets. Because you are behind the wheel does not give you the right to forget the pedestrian. Don't rush those who are slow in crossing the street during a light change, and don't lose your temper in traffic congestion. "Beating" a light is not smart—it may be your undoing. And remember that safety signals are to be observed and not ignored.

Children, with their young enthusiasm, are inclined to forget the don'ts and admonitions of parents. They will take chances on their bicycles or in play in the street that may endanger their lives. Here the adult must be alert to the need of protection.

While all types of accidents occur each day, they mount during a holiday. And holidays are not meant to be unhappy.

Let's all join hands to keep this Fourth of July free of accident. If each of us thinks safety, drives carefully, and plays safely, we will do our share to cut the holiday toll. Make this Independence Day—a true day of freedom—from care, worry and accident.

Children under 12 will be admitted free to the 1956 Illinois State Fair, August 10-19, when accompanied by a parent or guardian.

## Driving Tips

Motorists taking to the road over the Fourth of July are urged to be on the alert for the heedless and reckless minority who will be responsible for holiday injuries and deaths in traffic crashes.

The Chicago Motor Club predicts that 15 persons will die and 570 will be injured in accidents over the holiday in Illinois.

Of the 15 deaths, 5 will occur in Cook county, 2 of which will take place in Chicago. In addition, Cook county will contribute 175 traffic injuries, 70 of which will occur in Chicago.

Motor Club traffic experts base their predictions on accident figures of previous years, volume of gasoline consumption, state automobile registrations and anticipated traffic volumes.

Pedestrians will contribute heavily to the July 4th death toll, if previous traffic statistics can be used as a barometer. Figures reveal that five of every nine traffic fatalities are pedestrians, and in the majority of cases the pedestrian is at fault.

Chas. M. Mayes, president of the Motor Club, calls upon motorists and pedestrians alike to keep the traffic toll at minimum, adding:

"Pedestrians should cross only at intersections, always obeying traffic signals. They should look both directions before crossing. Jaywalking is an invitation to injury or death. Those walking along busy streets or highways should wear light clothing or carry a light."

The Motor Club president reiterated his previous advice for motorists, those suggestions including:

1. Drive reasonable distances. If you get tired, take a catnap.
2. Drive at a reasonable speed.
3. Keep in the proper lane and don't follow too closely.
4. Pay attention to the signals, signs and road markings.
5. Don't be impatient. Passing on hills and curves is suicide, and give yourself plenty of room when passing.
6. Don't over-indulge in food or drink if you're driving. Wear light clothing.
7. Be courteous on the road. Don't try to "beat the other fellow."
